Preliminary clause

The present contract is bound by the matters set out in Act 50/1980 of 8 October on Insurance Contracts (Official State Bulletin of 17 October 1980), Act 20/2015 of 14 July on the Management, Supervision and Solvency of Insurers and Reinsurers and its implementing regulation (Royal Decree 1060/2015 of 20 November on the Management, Supervision and Solvency of Insurers and Reinsurers), Act 22/2007 of 11 July on the Distance Marketing of Financial Services for Consumers by the insurance distribution directive and the matters agreed upon in the General and Particular Terms and Conditions.

Clauses restricting the rights of Insured shall be applicable when highlighted in bold letters and specifically accepted.

Glossary of terms

For the purposes of this document of the **Sanitas Premium 500.000** insurance product, the following definitions apply:

INSURANCE TERMS

ACCIDENT

Bodily injury suffered while the policy is in force, stemming from an external, sudden, violent cause beyond the Insured's control.

STANDING MEMBERSHIP

This involves recognition to the Insured of certain rights due to standing membership in SANITAS, which will be specified in the Particular Terms and Conditions.

INSURED

Each person included in the policy and specified in the Particular Terms and Conditions, entitled to receive insurance benefits and who may or may not be the same as the Policyholder.

BENEFICIARY

Person to whom the insurance Policyholder acknowledges the right to receive the compensation or benefit arising from this contract, to the corresponding sum.

CO-PAYMENT

Participation of the Insured in the sum of the cost of the medical action or series of actions, according to the medical service required, received from professionals or the healthcare centres providing it and to be paid directly to SANITAS.

HEALTH QUESTIONNAIRE

Declaration that must be truthfully and fully completed and signed by the Policyholder or Insured before formalisation of the policy and used by SANITAS to assess the risk subject to insurance.

FRAUDULENT INTENT

Action or omission committed fraudulently or deceivingly with the intention of producing damage or obtaining a benefit that affects the interests of a third party.

INSURED'S HOME

The place where the Insured lives and which specifically appears on the policy's Particular Terms and Conditions.

INSURER OR INSURANCE COMPANY

SANITAS, Sociedad Anónima de Seguros the body corporate taking on the risk as agreed under this Agreement.

DEDUCTIBLE

Sum of medical and/or hospital expenses not included in the insurance cover that, according to the corresponding cover, is payable by the Policyholder or the Insured to the care provider.

PARTICIPATION IN COSTS

Prior to access to certain cover, the Insured must pay a single payment to SANITAS, which is specified according to the degree of difficulty of the cover.

QUALIFICATION PERIODS

Period of time (calculated by months elapsed from the effective date of the insurance) during which some of the covers included do not enter into force.

POLICY

Written document that contains the Terms and Conditions governing the insurance and the rights and duties of the parties and that is used as proof of existence thereof. The policy comprises: the insurance application, health questionnaire, General, Particular and Special Terms and Conditions and the supplements or appendices that are added to it either to complete or amend it.

PRE-EXISTING PATHOLOGIES

State or condition of health (illness, injury or defect), not necessarily pathological, suffered by the Insured prior to the date of signing the health questionnaire.

BENEFIT

Acceptance of payment of the care service by SANITAS of the guarantees committed to in the policy.

PREMIUM

The premium is the price of the insurance, i.e. the amount that the Policyholder or Insured must pay the Insurer. The premium invoice shall also contain any legally applicable surcharges, duties and taxes.

CLAIM

Every occurrence of consequences which are partly or wholly covered by the policy and forming part of the Insurance. The set of services arising from the same cause is considered to constitute a single claim.

EXTRA PREMIUM

This supplementary premium is established by way of express agreement shown in the Particular Terms and Conditions of the policy, in order to take on additional risk that would not be the object of insured cover where such agreement does not exist.

POLICYHOLDER

The physical person or body corporate that, together with SANITAS, signs this contract and who may be the same as or different to the Insured and to whom the obligations arising there from correspond, particularly the payment of the premium, except those that, due to their nature, are the obligation of the Insured.

HEALTH TERMS

HEALTHCARE

Act of assisting or caring for the health of a person.

HOSPITAL HEALTHCARE/WITH ADMISSION TO HOSPITAL

This is the care provided in a medical centre or hospital under admission to hospital, recording admission and the insured being admitted as a patient for at least one night in order to undergo medical treatment, diagnosis, surgery or therapeutic treatment.

HEALTHCARE IN A DAY HOSPITAL

This is the medical, diagnostic, surgical or therapeutic care provided in a medical centre or hospital that requires non-intensive, short-duration care that does not require an overnight stay.

In the case of surgical treatment at a day hospital, it will be performed in the operating room under general, local or regional anaesthesia or sedation and requires non-intensive, short-duration care that does not require an overnight stay.

HEALTHCARE WITHOUT HOSPITALISATION / OUTPATIENT HEALTHCARE

This is the medical, diagnostic, surgical or therapeutic care provided in the hospital that does not involve admission or a day hospital.

In the case of an outpatient surgical treatment, it is performed in the consulting room on surface tissues and generally requires local anaesthesia.

SOCIAL CARE

Medical admission becomes social admission when a patient with functional deterioration or affected by age-related chronic processes and/or disorders have surpassed the acute phase of the disease and require healthcare but not under admission to hospital.

CONSULTATION

Assistance and examination of a patient by a doctor, performing the necessary examinations and medical tests to obtain a diagnosis or prognosis and prescribe treatment.

DIAGNOSIS

Medical opinion on the nature of a patient's disease or injury, based on assessment of his/her signs and symptoms and on the performance of additional diagnostic tests.

REGISTERED NURSE

Graduate in Nursing legally qualified and authorised to perform nursing activities.

ILLNESS

Any alteration of the state of health of an individual who suffers the action of a pathology that is not the result of an accident,

which is diagnosed and confirmed by a legally recognised doctor or dentist and which requires professional medical care.

CONGENITAL DISEASE

A disease that exists at the time of birth as a result of hereditary factors or disorders acquired during pregnancy up to the time of birth. A congenital disorder may become manifest and be recognised immediately after birth, or be discovered later, at any time of the individual's life.

USER GUIDE TO DOCTORS AND SERVICES

Healthcare professionals and centres belonging to the medical network of this policy and recommended by SANITAS for the provision of the services included in the insurance. The Guide may undergo modifications during the validity period of the policy. There is a full, up-to-date list of the doctors and centres forming the medical network of this policy available to the insured at the SANITAS offices.

CONVENTIONAL ROOM

Single-unit room equipped with the necessary health care systems. Suites or rooms provided with an anteroom are not considered conventional.

HOSPITAL

Any legally authorised public or private establishment for the care of diseases or bodily injuries, provided with the means for performing diagnoses, medical treatments and surgical operations, and able to admit inpatients.

For the purposes of the policy, hotels, rest homes, spas, facilities intended primarily for the treatment of chronic diseases and similar institutions are not regarded as hospitals.

The centres, services and establishments, regardless of ownership, authorised by the health authorities of the autonomous communities and cities with a Statute of Autonomy are listed in the **Registro General de centros, servicios y establecimientos sanitarios**, of the Ministry of Health. Centres, services and establishments, regardless of ownership, not within the national territory

must appear accredited as healthcare establishments according to the law applicable in each country.

PROCEDURE

The action of subjecting a person with a disease to the necessary control or examination, carrying out the corresponding tests, for either diagnostic or therapeutic purposes, for the symptoms or alterations reported during the consultation with the healthcare professional. There are different types of procedures: surgical, therapeutic and diagnostic. In all cases, they must be carried out by a competent specialist doctor in an authorised centre (hospital or outpatient centre) that usually requires a specific room with the necessary equipment.

INJURY

Any pathological change that takes place in a tissue or in a healthy organ and which entails anatomic or physiological damage, i.e., a disturbance of physical integrity or functional balance.

OSTEOSYNTHESIS MATERIAL

Pieces or elements of metal or of any other kind used for joining the ends of a fractured bone or for welding joint ends.

ORTHOPAEDIC MATERIAL

External anatomical parts of any kind used to prevent or correct body deformities such as, for example, a back brace, harness or crutches.

MEDICINAL PRODUCTS

Any substance or combination of substances presented as having properties of treating or preventing disease in human beings or that may be used by or administered to human beings with a view to restoring, correcting or modifying a physiological function by exerting a pharmacological, immunological or metabolic action or making a medical diagnosis.

Coverage by the insurer will be contingent upon the prescription of the most efficient therapy available at the time, by active ingredient and always using the generic drug or biosimilar if authorised by the Spanish

Agency of Medicinal Products and Medical Devices and marketed in Spain.

RADIOPHARMACEUTICALS: These are medicines that contain a small amount of active substance, known as a tracer, which is tagged with a radionuclide, causing them to emit a dose of radiation and which is used for both diagnostic and therapeutic purposes.

PHYSICIAN

Doctor or Bachelor in Medicine legally trained and authorised for medical or surgical treatment of the disease or injury that gives rise to a cover contained in the policy.

COMPLEX THERAPEUTIC PROCEDURES

A complex therapeutic method is any method requiring technical equipment, a specially designated area and specialised health professionals in a healthcare or hospital setting.

The healthcare facility where it is performed must have adequate personnel and resources to deal with any complications that the patient might experience as a direct or indirect consequence of the method.

Indicate as an example that all lithotripsy, radiotherapy, chemotherapy, interventional radiology, haemodynamic and endoscopy procedures and procedures covered that require laser will be included.

NEWBORN

Person in the life stage of the first four weeks after birth.

CHILDBIRTH

The expulsion of one or more newborn children and the related placentas from the interior of the uterine cavity to the exterior. Normal or 'at term' childbirth occurs between week 37 and week 42 after the date of the last menstruation. Childbirth occurring earlier than 37 weeks qualifies as premature; childbirth occurring after 42 weeks qualifies as post-term.

ORGAN DISEASE

Structural injury to tissue or organs of the human body.

PROSTHESES

Any element of any kind that temporarily or permanently replaces the absence of an organ, tissue, organic fluid, member or part of any of these. By way of example, this definition encompasses mechanical (joint substitutes) or biological elements (heart valve replacement, ligaments), intraocular lenses, medication reservoirs, etc.

COMPLEX DIAGNOSIS TEST

A complex diagnostic test is defined as any test that requires a healthcare facility or hospital with technical equipment and specialised health professionals in order to perform it and/or to interpret the results due to their complexity. Similarly, the healthcare facility where it is performed must have appropriate staff and resources to address any complications that the patient might experience as a direct or indirect consequence of the test. For example, this includes all tests: CAT scan, MRI, neurophysiology, nuclear medicine, genetic, molecular biology, endoscopy, haemodynamics, interventional radiology, etc.

PSYCHOLOGY

Psychology is the science of practical application of knowledge, skills and techniques to diagnose, prevent and resolve individual or social problems, especially as regards the individual's interaction with his/her physical and social environment.

HOME SERVICES

Visit to the insured's home at the Insured's request of a general practitioner, paediatrician or registered nurse, when the insured is unable to travel to attend the consultation due to their illness, provided that SANITAS has an arrangement for providing the service in this place.

EMERGENCY CARE SERVICES

Assistance in justified circumstances both at the Insured's home or anywhere else within the national territory where the Insured is, always so long as SANITAS has an arrangement for the provision of the service in

this place. The service will be provided by a GP and/or registered nurse.

TREATMENT

All means (hygienic, pharmacological, surgical or physical) primarily directed to cure or relieve a disease after it has been diagnosed.

EMERGENCY

An "Emergency" is a clinical situation that does not entail a life-threatening situation or irreparable damage to the physical integrity of the patient, that requires immediate medical care.

LIFE-THREATENING EMERGENCY / MEDICAL EMERGENCY

A life-threatening emergency is a situation that requires immediate medical care as a delay could prove life-threatening or lead to irreparable harm to the patient's physical integrity which could involve the loss or significant deterioration of a function, member or body organ.

Clause I: Purpose of the Insurance

Within the limits and conditions stipulated in the policy and following payment by the Policyholder of the corresponding premium, co-payments and deductibles that may correspond, SANITAS provides its insured with a wide range of professionals, clinics and hospitals for medical, surgical and hospital care, according to normal medical practice, in the specialties and modalities included in the cover of this policy, their cost being assumed through direct payment to the professionals or centers providing the insured provision. **In all cases, these services are carried out by professionals and medical centres and hospitals that meet the legal requirements for doing their job in the country.**

Any diagnostic and therapeutic advances arising in medical science after the effective date of this agreement may become part of the cover of this policy provided that they are safe, effective and universal and consolidated. Whenever this policy is renewed, SANITAS shall inform of the techniques or treatments to be included in the cover of the policy for the following period.

The present agreement also includes the modality of reimbursement of expenses, according to which, SANITAS will assume, within the limits and conditions stipulated in the policy, the medical, surgical and hospital care mentioned in the first paragraph of this clause, by means of the restitution to the Insured of all or part of the medical expenses, reasonable and usual, advanced by him/her, according to the limits of insured capital and reimbursement percentages established in the Particular Terms and Conditions of the policy, it not being possible to apply jointly both modalities for the same benefit.

Clause II: Benefits

The benefits covered by this policy are conditional on compliance with the qualifying periods indicated below and always when they are conditions subsequent to the contracting of the policy and not known by the insured or in case of prior conditions known to the insured, were declared to the insurance company by the insured when taking out the policy without the insurance company excluding these conditions.

PRINCIPAL BENEFITS

Accreditation of the procedures and services corresponding to a medical speciality, that is, the services that a healthcare professional from this speciality can perform, are based on the Clasificación Terminológica y Codificación de Actos y Técnicas Médicas (Nomenclátor) of the Spanish Medical Colleges Organisation.

In general, with the limitations and exclusions highlighted in the terms and conditions of this policy, the healthcare benefits covered correspond to the following specialties:

1. Primary care

1.1. General Medicine

This includes medical care in a healthcare centre, indication and prescription of basic diagnosis tests and procedures (analysis and general radiology) during the days and times established for this purpose by the doctor. It includes also home services when, for reasons attributable only to the Insurer's illness, he/she is prevented from attending the consulting room.

In emergencies the Insured shall go to the permanent emergency services or else contact SANITAS's telephone service.

1.2. Paediatrics and Childcare

This includes the care of children **until they are 15 years old** in consulting room and at home, the indication and prescription of tests and basic diagnosis procedures (analysis and

general radiology), being applicable all other regulations mentioned for the benefit of General Medicine.

1.3. Nursing Service

Includes healthcare at the healthcare centre and at home.

2. Emergencies

It includes healthcare in the event of emergency. It will be provided in the permanent emergency centres agreed with SANITAS and listed in the User Guide to Doctors and Services corresponding to this product.

In justified circumstances, the Insured will be treated at the place where he or she is by the round-the-clock emergency services, **only in those towns in which SANITAS has engaged such service.**

Sanitas 24 Hours

Telephone service that provides information from a medical team, which will advise the Insured about his/her questions of medical character, treatments, medication, analysis interpretation, etc., 24 hours a day, 365 days a year.

3. Medical specialities

3.1. Allergy

It includes determination of complete allergen-specific IgE (natural extracts) but **excludes specific IgE determinations for recombinant allergens and IgG4. Molecular diagnosis of the allergy (microarrays) is excluded.**

3.2. Clinical Analysis

Intestinal dysbiosis tests are excluded.

3.2.1. Genetic Studies

It includes only genetic studies, **in affected and symptomatic patients, whose purpose**

is to diagnose a certain disease that cannot be diagnosed through other studies or complementary tests, or genetic studies that are essential in order to prescribe treatment (except for genetic studies expressly excluded in the excluded risks section). All genetic studies with a low diagnostic performance are also excluded from the cover, that is, when the probability of being able to diagnose the disease by carrying out the genetic study is less than 10%. Requires prior authorisation from SANITAS after assessing the medical report.

Includes the study of BRCA 1 and BRCA 2 genes or the gene panel for studying hereditary breast and ovarian cancer in peripheral blood under the following indications:

A) patient without personal history of breast or ovarian cancer who meets the following requirements:

- with 2 or more 1st or 2nd degree relatives aged under 50 years old affected by breast cancer
- with 2 or more 1st or 2nd degree relatives affected by ovarian cancer at any age
- with 2 or more 1st or 2nd degree relatives aged under 50 years old affected by breast cancer and ovarian cancer at any age

B) patient aged over 50 years old with a history of breast cancer

- with 2 or more 1st or 2nd degree relatives aged under 50 years old affected by breast cancer
- with 2 or more 1st or 2nd degree relatives affected by ovarian cancer at any age
- with 2 or more 1st or 2nd degree relatives aged under 50 years old affected by breast cancer and ovarian cancer at any age

C) male patient with breast cancer

D) patient aged under 50 years with breast cancer

E) patient with ovarian cancer (+/-) breast cancer

It excludes HLA DQ2 / DQ8 molecule study, HLA class I and II DNA typing, PCA3 study, genome sequencing, full gene clinical exome study, microarray,

pharmacogenetics (except for the study for diagnosing dihydropyrimidine dehydrogenase deficiency) and gene therapy.

3.3. Anatomic Pathology

Includes the performance of therapeutic targets: BRAF, ALK, K-RAS, N-RAS, HER2, EGFR, C-KIT, ROS-1, PDL-1, microsatellite instability in colon cancer, MGMT methylation in brain tumours, somatic BRCA1 and BRCA2 in ovarian cancer prior to the administration of certain pharmaceutical products, provided that the summary of product characteristics as established by the Spanish Agency of Medicinal Products and Medical Devices requires that such targets be determined. These criteria also apply to the speciality of genetic testing.

3.4. Anaesthesiology

3.5. Angiology and Vascular Surgery

Varicose vein treatments with foam or microfoam are excluded.

3.6. Digestive System

Liver elastographs are covered **annually by the Insured solely to evaluate the progression in the degree of hepatic fibrosis in chronic liver diseases, excluding conditions related to alcoholism.**

The technique for submucous endoscopic dissection **is only included for the treatment of lesions of pre-malignant or incipient malignant colorectal/gastric mucosa in which conventional polypectomy has been ruled out and where surgical treatment is being considered. Prior authorisation from SANITAS is required after assessment of the medical report.**

MR-enterography is included.

3.7. Cardiology

Includes a cardiac MRI scan and a cardiac stress perfusion MRI, and the medication required for these tests.

Excludes implantable loop recorder.

3.8. Cardiovascular Surgery

The cryoablation technique and percutaneous techniques for the replacement of heart valves are excluded.

3.9. General and Gastrointestinal Surgery

Includes laparoscopic surgery.

The Bariatric Surgery cover for treating morbid obesity is **subject to the multi-disciplinary protocol set out by SANITAS and will only be performed in the centres appointed for this purpose.**

3D Laparoscopy, Metabolic surgery in diabetes and any type of abdominoplasty or cosmetic surgery are excluded.

3.10. Maxillofacial Surgery

Includes the diagnosis and surgical treatment of diseases and trauma involving only the jawbone, maxilla and facial bones.

Dentistry treatments are excluded, as are cosmetic treatments and/or treatments targeting functional issues of the patient's mouth or teeth, such as orthognatic, pre-implant and pre-prosthesis surgery.

3.11. Traumatology and Orthopaedic Surgery

Includes arthroscopic surgery. **Endoscopic spinal surgery and other new techniques are excluded, unless SANITAS has informed the policyholder in writing that it is included in the cover.**

3.12. Paediatric Surgery

In the same terms and conditions as those mentioned for adult surgery.

3.13. Reconstructive Surgery

All operations with a cosmetic component, such as septorhinoplasty or diastasis recti surgical treatment are excluded.

3.14. Chest Surgery

3.15. Dermatology

3.16. Endocrinology

3.17. Geriatrics

3.18. Haematology and Haemotherapy

Comprises autologous bone marrow and parenteral peripheral blood cell transplants **solely for treatment of haematological tumours.**

Leukocyte immunophenotypic study only covered in the study of leukaemias and lymphomas.

3.19. Internal Medicine

3.20. Nuclear Medicine

Contrast agents are paid for by SANITAS.

PET and PET/ CT scans exclusively with 18-fludeoxyglucose (18 FDG) are covered for:

A) **the diagnosis, staging, monitoring of treatment response and detection in reasonable case of relapse in cancer processes and**

B) **the following non-cancer indications (authorised by the Spanish Agency of Medicinal Products and Medical Devices on the 18-fludeoxyglucose (18 FDG) fact sheet):**

b.1- Cardiology

- Evaluation of myocardial viability in patients with serious left ventricle dysfunction and who are candidates for revascularization, only when conventional imaging techniques are not conclusive.

b.2- Neurology

- Localisation of epileptogenic foci in the pre-surgical assessment of partial temporary epilepsy.

b.3- Infectious or inflammatory diseases

Localisation of abnormal foci to guide etiological diagnosis in the case of idiopathic fever.

Infection diagnosis in the case of:

- Suspected chronic infection of bones or adjacent structures: osteomyelitis, spondylitis, discitis or osteitis, including when there are metallic implants
- Diabetic patients with a foot indicative of Charcot foot and ankle, osteomyelitis or a soft tissue infection
- Painful hip prosthesis
- Vascular graft
- Detection of septic metastatic foci in the case of bacteraemia or endocarditis (also see section 4.4)

Detection of extension of inflammation in the case of:

- Sarcoidosis
- Inflammatory bowel disease
- Large vessel vasculitis
- Treatment monitoring:

Unresectable alveolar echinococcosis in the detection of active outbreaks of the parasite during medical treatment and following treatment suspension.

Includes PET-MRI **exclusively for oncological processes.**

Prior authorisation from SANITAS is required after assessment of the medical report.

Any radiotracer other than 18FDG is excluded.

3.21. Nephrology

Includes dialysis techniques only for the treatment of acute processes. **Chronic treatments of dialysis and haemodialysis are excluded.**

3.22. Pneumology

Includes endobronchial ultrasound in the following indications:

- Negative TBNA (endobronchial ultrasound-guided transbronchial needle aspiration)
- cancer staging of a radiologically normal mediastinum in suspected or confirmed lung cancer
- re-staging following induction chemotherapy
- diagnosis of mediastinal masses, peribronchial, paratracheal or intrapulmonary hilar.

Requires prior authorisation from SANITAS after assessing the medical report.

3.23. Neurosurgery

Includes only surgery with surgical navigation assistance for intracranial processes and intraoperative electro-physiological monitoring for intracranial processes and for spine surgery.

Endoscopic spinal surgery and other new techniques are excluded, unless SANITAS has informed the policyholder in writing that it is included in the cover.

3.24. Clinical Neurophysiology

3.25. Neurology

3.26. Obstetrics and Gynaecology

Includes laparoscopic gynaecological surgery.

It includes for diagnosing fertility the following tests only: analytical basal hormone determinations, ultrasound scan, hysterosalpingography and hysteroscopy, only up until diagnosis, that is, once treatment starts no other related services will be covered.

It also includes family planning: tubal ligation, IUD implantation (the IUD is paid by the Insured), regardless of the therapeutic purpose, and follow up of treatment with anovulation medicines.

The following genetic tests are included:

- Karyotype

- Factor V Leiden and mutation 20210 of the prothrombin gene, with these two determinations requiring prior authorisation from SANITAS following assessment of the medical report, being covered when there is a personal history of recurrent miscarriage and/or thromboembolic processes.

Any other genetic test other than those mentioned shall be excluded.

Includes breast tomosynthesis and use of genome sequencing platforms for breast cancer prognosis (ONCOTYPE, MAMMAPRINT, PROSIGNA) prescribed by a specialist on the medical chart and whenever necessary for the treatment in accordance with the recommendations set out for each genomic platform mentioned above. **Requires prior authorisation from SANITAS after assessing the medical report.**

Includes the study of circulating foetal DNA in maternal plasma (non-invasive pre-natal screening) for foetal trisomy screening (13, 18, 21 and sex chromosomes) when the risk ratio from combined screening in the first quarter is between 1:50 and 1:250 and the pregnant woman is in her 10th to 18th week of pregnancy. **Requires prior authorisation from SANITAS after assessing the medical report.**

The insured can access the pelvic floor recovery plan via the phone programme (917 522 904), provided by our specialised phone platform Sanitas Responde, which comprises a multidisciplinary team, to recover muscle tone and prevent and treat secondary dysfunctions or conditions.

3.26.1. Breast Surgery

Breast surgery is covered in the following situations:

- Benign tumours. **Excludes breast reconstruction.**
- Malignant tumours: includes surgery on the affected breast and prophylactic surgery on the contralateral breast if considered a therapeutic option following the BRCA1 and BRCA2 result. Includes posterior breast reconstruction.

- Individuals not affected by breast cancer in which prophylactic breast surgery is considered a therapeutic option following the BRCA1 and BRCA2 result. Includes subsequent breast reconstruction.

Requires prior authorisation from SANITAS is required after assessment of the medical report.

The only reconstruction methods included in the cover are: **post-mastectomy breast reconstruction, with expanders and prosthesis, reconstruction with dorsi myocutaneous flap, DIEP flap and TRAM flap.**

3.26.2. Neonatology Care

It comprises the medical check, vaccine administration and performance of all those tests that systematically are performed to newborns during his/her first 48 hours of life, according to the care delivery protocol applicable in each autonomous region, **excluding any medical provision that is a consequence of a pathology or complication appearing at the moment of birth.**

3.26.3. Newborn care

Covers the costs of a newborn's healthcare, **provided that the child has been registered with SANITAS and has this cover.**

3.27. Ophthalmology

Includes laser photocoagulation **exclusively for ischemic retinopathies, macular oedema, glaucoma and peripheral lesions of the retina (holes or tears); corneal cross-linking for keratoconus treatment; and surgery for cornea transplant with the cornea to transplant being paid for by SANITAS.**

Orthoptic, pleoptic and refractive surgery (for myopia, hyperopia and astigmatism) is excluded.

3.28. Medical Oncology

The treatment prescription must always be performed by the Medical Oncology specialist in charge of the patient's care. SANITAS must pay for treatment if conducted at a healthcare site, whether on the basis of an oncology day unit or on an inpatient basis, if necessary.

Includes specifically cytotoxic medicines **that are authorised for sale in the Spanish market and provided that they are used in accordance with the indications set out in the product datasheet and whose administration is via parenteral in as many cycles as necessary, or via bladder instillation.**

Includes intraperitoneal chemotherapy **in cases of peritoneal carcinomatosis due to tumours of the ovary or of digestive origin; and intrathecal chemotherapy in cases of high-grade lymphomas or meningeal carcinomatosis.**

It also includes medication without anti-tumour effect, **administered along with cytostatic medications during the chemotherapy session in order to prevent adverse or side effects.**

Includes the use of sodium iodide I 131 for **treating overactive thyroid and thyroid cancer and the use of 90Y-Yttrium Citrate for radioisotopic synoviorthesis.**

It includes a study to rule out dihydropyrimidine dehydrogenase deficiency in patients who are candidates for **parenteral dihydropyrimidine treatments.**

It **excludes experimental treatments, treatments for compassionate use, and treatments carried out for indications not included in the product datasheet of the medicine.**

3.29. Ear, Nose and Throat

Includes CO2 laser surgery and radiofrequency surgery.

The cost of cochlear implants and all pre- and post-surgery consultations and

diagnostic tests for adjusting the device are excluded. Any type of rhinoplasty operation is also excluded, except surgery secondary to trauma or non-cosmetic pre-surgery, which always requires prior assessment of the medical reports by a doctor from this speciality.

3.30. Psychiatry

Psychiatric admission **only covered as part of admission** (that is with an overnight stay) **and only includes the treatment of acute outbreaks.** It is limited to a maximum period of 50 days per Insured/year.

3.31. Radiodiagnosis/Imaging Diagnosis

Comprises standard diagnostic techniques. Contrast agents shall be paid for by SANITAS.

It also includes:

A) The colonography performed by computerised tomography (CT) in the following indications:

- Screening of colon cancer and colon polyposis in patients without a known clinical history of colon cancer, polyposis or inflammatory intestinal illness, as long as they present family background of these pathologies or are candidates to screening for age reasons (from the age of 50).
- Screening of colon cancer and colon polyposis in patients in which the conventional colonoscopy is contraindicated due to their clinical situation or entails a higher risk.
- As a complement to conventional colonoscopy when this has been unable to reach the full length of the colon.

Prior authorisation from SANITAS is required after assessment of the medical report.

B) CAT coronagraphy: included in the guarantee **only for symptomatic patients presenting a low or medium probability of coronary disease, in whom it is not**

possible to perform an ischaemia detection test or it is negative or inconclusive; asymptomatic patients but with a positive or uncertain ischaemia detection tests; for the coronary anomaly study; suspected anomaly or identification of the background of the diagnosed patient; for evaluation of pulmonary veins prior to atrial fibrillation ablation; for coronary study prior to heart valve surgery and for evaluation of stents or coronary grafts.

Prior authorisation from SANITAS is required after assessment of the medical report.

Assessment of the calcium score is excluded.

3.32. Radiotherapy

The radiotherapy cover includes oncological processes **only and only the following methods: Intensity modulated radiotherapy (IMRT), stereotactic body radiotherapy (SBRT), interoperative radiotherapy and brachytherapy.**

It also includes stereotaxic radiosurgery for treating tumour processes, mainly malignant, cerebral arteriovenous malformations and as the final stage of therapy in trigeminal neuralgia.

Proton therapy and neutron therapy are excluded, and any techniques other than those expressly mentioned are excluded, unless SANITAS has informed the policyholder in writing that it is included in the cover.

Requires prior written authorisation from SANITAS after evaluation and with a doctor's report provided by the insured

3.33. Rehabilitation

It comprises the consultations which have the purpose of diagnosis, evaluation and prescription of the physiotherapy treatments included in the cover of Physiotherapy.

3.34. Rheumatology

3.35. Urology

Includes Multi-parametric Magnetic Resonance of the prostate in the following indications:

- Local, regional or distance staging
- Detection or guide for diagnostic biopsy where there is a suspicion of clinical risk in the following cases:
 - PSA 4-10 (grey area) with a ratio (free/total) lower than 0.13. It will be necessary if it continues to increase after 3 months of monitoring/treatment.
 - PSA>10 and/or ratio lower than 0.13. Involves Multi-parametric MRI.
- Therapeutic monitoring.

Requires prior authorisation from SANITAS after assessment of the medical report.

Includes Fusion biopsy of the prostate in cases of suspected clinical risk (a positive previous Multi-parametric MRI with a negative previous conventional biopsy, a maximum of 1 year before this test was requested, and the well-founded suspicion of prostate cancer persists the PSA level continues to increase).

Requires prior authorisation from SANITAS after assessment of the medical report.

Includes laser photo-vaporization and enucleation of the prostate.

Includes laser endourethral and vesical lithotripsy.

Prostate cryotherapy, irreversible electroporation and other focal therapies are excluded.

It includes for diagnosing fertility the following tests only: basal hormone determinations, basic semen analysis and bacteriological cultures of semen, only up until diagnosis, that is, once treatment starts no other related services will be covered.

4. Other care services

4.1. Ambulance

Transfers in ambulance from the place where the insured is located to the hospital where he/she will be admitted or to which he/she presents for an emergency and under SANITAS coverage shall be covered. Also covered are return transfers of the insured from the hospital to their home and those made between hospital centres on the SANITAS list of healthcare providers if the care resources at the hospital where the Insured is found are not those that their medical care requires. Transfers for chemotherapy and radiotherapy treatments at a Day Hospital are also covered. In all these cases the service will be provided by land within the national territory using the means agreed on by SANITAS and so long as the physical state of the Insured impedes his/her transfer by other ordinary means (taxi, private car, etc.) and is authorised via the Sanitas 24-hour hotline.

This benefit does not include transfers required for physiotherapy treatments, diagnostic tests or to attend doctor's visits nor generally any other type not covered in the paragraph above. Service provisions by providers not agreed with or by the Spanish regional or national public health service are therefore excluded.

4.2. Special Care in the Home of the Insured

This will be carried out by the healthcare teams designated by SANITAS, provided that it is possible to arrange the service when the patient's illness requires special care but does not require admission to hospital nor specialised equipment, **always under the prescription of the doctor. Does not include care for social problems.**

4.3. Obstetric-Gynaecological Nursing (Midwifery)

Care provided by a midwife will be available only for hospital-based child delivery.

4.4. Physiotherapy

It is provided solely on an outpatient basis and **exclusively for conditions originating in the musculoskeletal system**, considering as such exclusively those structures of the human body that perform the locomotive or movement function and therefore not those such as the temporomandibular joint which does not perform this function and always provided it is not a chronic or degenerative process, through to the greatest possible functional recovery of the patient, determined by the rehabilitation doctor and provided by qualified and registered physiotherapists.

It includes shockwave therapy for **chronic osteotendinous injuries (more than 6 months' evolution) of the musculoskeletal system with a maximum of 5 sessions per joint and year.**

Requires prior authorisation from SANITAS after assessment of the medical report.

Under admission to hospital, it will be provided **only and exclusively for the recovery of the musculoskeletal system secondary to an orthopaedic operation and recovery of the heart immediately after an acute myocardial infarction and after surgery with extracorporeal circulation.**

It also includes lymphatic drainage after surgery for an oncology process. **Requires prior authorisation from SANITAS after assessing the medical report.**

Neurologic rehabilitation, early care, occupational therapy, pelvic floor rehabilitation, heart rehabilitation as an outpatient, respiratory rehabilitation, temporomandibular joint rehabilitation, vestibular rehabilitation, water-based rehabilitation, ophthalmological rehabilitation and those performed using robotic equipment are excluded.

Requires prior authorisation from SANITAS after assessment of the medical report.

Physiotherapy and rehabilitation are excluded when functional recovery has been achieved, or as close as possible to it, or when it becomes maintenance therapy, in addition to neuropsychological rehabilitation and cognitive stimulation.

4.5. Speech and Phoniatic Therapy

Requires prior authorisation from SANITAS after assessment of the medical report and must be prescribed by an ENT specialist (in the case of organic processes of the larynx and vocal cords) or by a neurologist (in the case of acute cerebrovascular accident).

It covers **up to 80 sessions per year and insured.**

Only the following are covered:

Organic processes associated to the larynx and vocal cords:

1. Inflammation: oedemas
2. Tumours:
 - a) Benign: modules, polyps.
 - b) Malignant: cancer of the larynx (partial or total)
3. Changes to the vocal cords:
 - a) Paresis (reduction of cord movement because either the muscle or nerve are injured)
 - b) Paralysis (reduction of cord movement because either the muscle or nerve are injured)
4. Congenital malformations

The insured cover includes **only speech therapy and language therapy for processes derived from acute cerebrovascular accident.**

4.6. Nutrition

Access to this speciality **must be prescribed by specialists in endocrinology, oncology, internal medicine, geriatrics or paediatrics authorised by SANITAS.** It is covered when a medical condition exists (cancer patients, diabetes, obesity with BMI >30 or a severe eating disorder).

4.7. Odontology

Dentistry (consultations, treatment, extractions and cleaning), performed in consultation only.

4.8. Podiatry (Chiropody exclusively)

Limited to a maximum of 12 sessions per Insured and insurance annuity.

4.9. Prostheses

Only covers internal prostheses and internal implantable materials expressly listed below.

The Insured must provide the reports and/or quotations if SANITAS so requires.

1. Ophthalmology: Monofocal intraocular lens, **excluding toric, used for cataract surgery.** Also includes corneal tissue **exclusively from national tissue bank for cornea transplant.**

2. Traumatology and Orthopaedic Surgery: Hip, knee and other joint prostheses; columnar fixation material; intervertebral disc; intersomatic or interspinal intervertebral material; vertebroplasty/kyphoplasty material; biological bone ligament material obtained from tissue banks in Spain; osteosynthesis material; bone substitutes **exclusively for columnar surgery and bone grafts after tumour surgery.**

3. Cardiovascular Area: the following vascular prostheses: stents, peripheral or heart bypasses, medicalised or non-medicalised, aortic endoprosthesis, which will require express authorisation **from SANITAS** after assessing the medical report; heart valves, **excluding percutaneous or transapical implants** and aortic valve ducts provided they are associated with aortic valve surgery; pacemakers, **excluding any kind of defibrillator or artificial heart;** coils and/or embolization materials.

4. Chemotherapy or Pain Treatment: reservoirs.

5. Other surgical materials: abdominal wall meshes, **except biological meshes;** biliary stent; oesophageal endoprosthesis, duodenal and colonic; urological suspension systems; cerebrospinal fluid (hydrocephalus) derivation systems; testicular prosthesis; breast implants and expanders, in both the breast affected by previous tumour surgery and in cases in which prophylactic mastectomy is considered a therapeutic option after the results of BRCA1 and BRCA2.

6. Bone fixation materials in cranium and/or maxillofacial surgery. Includes bone substitutes, only for bone void filler after tumour surgery.

4.10. Mother and Baby Programme

Includes theoretical and practice classes for child delivery preparation, child health examinations, as well as telephonic assessment by nursing professionals during the first six months of life of the child.

4.11. Psychology

This comprises individual psychological care prescribed by Psychiatrists, Family Health Advisors, Paediatricians or Medical Oncologists the purpose of which is to treat disorders which could be treated via psychological intervention.

It also includes simple psychological diagnosis. Psychometric tests **will be covered by the insured.**

It includes a maximum of 4 consultations per month and with a limit of 15 sessions per Insured and insurance annuity.

Psychoanalysis, psychoanalytical therapy, hypnosis, narcolepsy treatment, and psychosocial and neuropsychiatry rehabilitation services are excluded.

4.12. Home-based respiratory therapy

Exclusively comprises the following treatments:

a) Oxygen therapy: liquid, concentrator-based and gaseous.

Liquid oxygen therapy must be prescribed for administration for at least 15 hours a day. SANITAS shall only pay for one type of oxygen therapy treatment.

Portable oxygen concentrator is excluded.

b) Generation of positive airway pressure with CPAP to treat obstructive sleep apnoea. **Auto-CPAP machines for this treatment are excluded.**

c) Partial BiPAP ventilation therapy and aerosol therapy.

5. Hospital admission

Hospitalisation in a clinic or hospital.

In case of admission, the patient shall occupy a conventional, individual room with a bed for relatives, except in psychiatric hospitalisation, in ICU and in incubator and SANITAS will cover the expenses arising from performing diagnostic and therapeutic methods, surgical treatments (including operating theatre and medicine expenses, **provided that they are used in accordance with the indications set out on the product datasheet, except medicine that is not authorised for sale in Spain) and bed and board of the patient.**

The use of radiopharmaceuticals for therapeutic purposes is excluded, except for the use of sodium iodide I 131 for treating thyroid cancer.

Excludes care for social reasons.

6. Preventive medicine

Includes programmes applied to healthy populations covering different activities such as medical consultations, physical exams and basic diagnostic tests prescribed by the specialist concerned for early disease diagnosis:

6.1. Paediatrics: Provides for consultation with a specialist, newborn health checks (including metabolic screening and early hearing impairment detection via OAEs or AEPs where necessary) and regular health

checks to monitor child development (**from birth to 11 years of age**).

6.2. Gastrointestinal Tract: Includes consultation with a specialist and a physical examination as well as basic diagnostic tests (e.g., test for blood hidden in faeces or colonoscopy).

6.3. Cardiology: Includes consultation with a specialist and a physical examination as well as basic diagnostic tests (e.g., ECG, basic blood and urine tests) and a stress test to establish coronary risk.

6.4. Pneumology: Includes consultation with a specialist and a physical examination as well as basic diagnostic tests (e.g., chest x-ray).

6.5. Gynaecology: Provides for an annual gynaecological check for cervical, endometrial and breast cancer prevention. Includes consultation with a specialist and a physical examination as well as basic diagnostic tests (e.g., ultrasound scan, mammogram, pap smear test or gynaecological ultrasound scan).

6.6. Urology: Provides for a medical consultation with a specialist and basic blood tests (including PSA determination) and urine tests, along with other basic diagnostic tests (e.g., ultrasound scan and/or prostate biopsy).

The recommended frequency for these exams varies in line with the characteristics of each case, which is why it is up to the specialist to establish recommendations in accordance with the risk.

ADDITIONAL COVERAGES OF YOUR INSURANCE

Overseas emergency healthcare cover

What is it? Use of services and time limit

This is a policy add-on which will cover emergencies abroad due to illness or accident, **provided that the care required occurs within 90 consecutive days from the start of the trip.**

For everything that does not expressly go against the provisions of this add-on, the provisions of the policy terms and conditions, including its limitation clauses and exclusions, will apply to the urgent medical care abroad guarantee.

To cover this care, **it is essential for the Insured** to be up to date with payment and, **before any medical service is provided (except in a life-threatening emergency), SANITAS must be contacted and prior authorisation sought** via the phone number on the back of the card. In the event of a life-threatening emergency, the Insured shall visit the nearest clinic or hospital and must report this to SANITAS within a maximum of 7 days starting from the date of admission, supplying Sanitas with a copy of the emergency report.

For Sanitas to accept the care provision, all the required documents must be supplied (travel receipts, medical report justifying the emergency and all other reports needed, bills and payment receipts).

What is not included?

- **medical expenses abroad under €3.**
- **costs arising from the diagnosis or treatment of a physiological condition (e.g. pregnancy) or an illness that was known about before the trip began, unless it is a clear or unforeseeable complication; treatments arranged in Spain;**
- **pregnancy costs incurred after the first 150 days.**

- **mental and chronic illnesses causing alterations in the Insured's health.**

What services are included?

1. Medical Costs

During the validity of the policy SANITAS guarantees the insured emergency healthcare assistance abroad for:

- medical expenses (doctors, surgeons and hospitals/clinics)
- medicine prescribed by a doctor
- emergency dentist expenses **up to €300 per insured, excluding expenses related to endodontic treatments, cosmetic reconstructions of previous treatments, teeth cleaning, caps, and implants**
- Hospital fees
- Fees for an ambulance ordered by a doctor for a local journey

All of these expenses must be incurred outside of Spain and provided through the centres appointed by SANITAS.

Limits

€12.000 per person and year.

2. Transfer of sick and injured individuals to a care centre

What is included?

SANITAS will pay for this transfer under medical observation through to the care centre where the patient can be treated.

The SANITAS medical service shall decide on and choose the means of transport and medical centre/hospital the Insured must attend, in accordance with the medical order applicable to the case.

3. Extension of a companion's hotel stay for hospitalisation of the Insured

When the Insured has to be admitted to hospital on a doctor's orders and in accordance with the medical service, SANITAS shall reimburse the costs arising from the necessary extended hotel stay for

their companion - if also insured by Sanitas - **up to a maximum of €60 per day and up to a maximum of 10 days.**

4. Family member's travel and stay to accompany the Insured in hospital

If during the trip the Insured should be hospitalised for more than five days and no direct family member is with him or her, SANITAS shall make a regular-flight, return plane ticket (economy class) or train ticket (first class) available to a companion with regular place of residence in Spain. SANITAS shall pay **up to €60 per day for up to 5 days** in respect of hotel accommodation to cover this person's costs.

5. Transport in the event of death

In the event of the death of the Insured, SANITAS shall organise and meet the expenses for the transfer of the coffin to the place of burial in the country of his or her usual place of residence, as well as the minimum compulsory coffin expenses, embalming costs and administrative formalities. Where applicable and following a request from the Beneficiaries, SANITAS shall meet the costs of incineration in the place of death and transportation of the ashes to the place of burial in the country of his or her usual place of residence. **SANITAS will not meet funeral or burial expenses.**

6. Early return of insured accompanying relatives

If the Insured is transferred by reason of death under the cover "Transfer in Event of Death" and this circumstance prevents accompanying insured family members from returning to their homes by the means planned originally, SANITAS will bear the cost of their travel to their permanent place of residence in Spain. **Maximum two adults and accompanied children under the age of 14.**

7. Accompanying children

If, during the term of the contract, Insured persons travelling with disabled persons or children under 14 years of age cannot look

after them due to a sudden illness or accident covered by the Policy, SANITAS shall arrange and cover the costs of outbound and inbound travel of a person residing in Spain named by the Insured or his/her family to accompany children on their return to their habitual residence in Spain as quickly as possible.

8. Search and retrieval of luggage and personal belongings

If the Insured has his/her luggage delayed or lost, SANITAS shall help in its search and retrieval, advising on how to file the corresponding formal complaint. If the luggage is retrieved, SANITAS shall send it to the Insured's habitual residence in Spain, providing the presence of the owner is not required for its recovery.

9. Dispatch of documents and personal belongings overseas

SANITAS shall organise and take care of essential items for the journey which have been left at home (contact lenses, prosthetics, spectacles, credit cards, driving licence, ID card and passport). This service extends to posting the same items home if they have been left behind on the journey or recovered after theft.

SANITAS shall only organise the dispatch and postage for parcels weighing no more than 10 kilogrammes.

10. Advance of funds

SANITAS shall advance funds of **up to €1,500** to the Insured, when required. SANITAS shall require some kind of special guarantee ensuring the Insured repays the advance. In any event, the amounts advanced shall be returned to SANITAS within a maximum period of 30 days.

11. Legal advice

If the Insured is incarcerated or prosecuted as a result of a traffic accident, SANITAS shall pay **up to €1,500** for lawyer and attorney fees incurred for the legal assistance

provided. If this service is covered by the Motor Insurance Policy, it shall be considered an advance and SANITAS shall reserve the right to request a special guarantee from the Insured to ensure payment of the advance.

12. Advance of the amount for bail demanded abroad

If the Insured is prosecuted or incarcerated in the country in which it arises, SANITAS shall issue an advance equal to the amount of bail demanded by the local authorities **up to a maximum of €10,000**. SANITAS reserves the right to request a special guarantee from the Insured to ensure repayment of the advance. In any event, the amounts advanced shall be returned to SANITAS within a maximum period of two months.

13. Dispatch of medication

What is included?

If the Insured needs a medicine prescribed by a doctor and cannot acquire it in the place where he or she is holidaying, SANITAS shall locate it and send it to him or her by the fastest means and in compliance with local laws.

What is not included?

Cases where the medicine is no longer manufactured and is unavailable in the regular distribution channels in Spain are excluded. The Insured shall repay SANITAS the price of the medicine upon presentation of the bill.

14. Transmission of urgent messages

SANITAS shall, through a 24-hour service, accept and transmit urgent messages from the Insured, so long as they have no other means of making them reach their destination and so long as they are a consequence of a guarantee covered by the contract.

Supplementary cover of unemployment

Protection in the event of Unemployment or Work Incapacity

With this Certificate, **AXA FRANCE IARD, office in Spain**, having address at Calle Arequipa, 1-3^a, 28043 Madrid and tax ID code W2502653E, entered in the Madrid Companies Register under Volume 38,153, Folio 184, Section 8, Sheet M-678991, entry 1, guarantees cover of unemployment and temporary incapacity risks, hereinafter TI, of policyholders of the healthcare insurance.

Insured members: They shall be members of the insured group of the Policyholders of the Sanitas Premium 500.000 policies, **so long as they are older than 18, younger than 65** and perform paid work in Spain at least thirteen hours a week and are registered with Social Security, a friendly society, Montepío or similar institution as determined by law.

In the case of a single policy involving various people (for example, because they are members of a family unit), the risks only cover the Policyholder. In the event that any of the covered contingencies should happen to the Policyholder, the Insurance Company shall meet the payments corresponding to all the people listed in the Policy.

1.To what guarantees do I have rights?

The risks guaranteed are as follows alternately:

- Unemployment of the Insured Parties, employed on a permanent contract, except for civil servants. For the purposes of the present Policy, unemployment will only be a covered risk in the case that at the time of the opening of the Insurance Policy, the Insured Party has signed a permanent employment contract with an employer. In the case that the contract is temporary, whatever its true nature, the insured party will be unable to benefit from

Unemployment cover, but rather will be able to benefit from Temporary Incapacity cover. If the temporary contract is replaced through a duly accredited agreement between the parties (worker and employer) by a permanent contract, the Insured Worker will replace the Temporary Incapacity cover with Unemployment cover. The same will occur if the labour courts declare the contract to be of a permanent nature as having been employed fraudulently through the mechanism of temporary hiring and the employer will sign a permanent contract with the Insured Worker or will opt for reinstatement. In such a case, Unemployment cover will come into force as from the date on which the Insured Worker starts work as a permanent employee or is reinstated.

- temporary incapacity for salaried employees with a temporary employment contract, self-employed workers, civil servants and, in general, all those people who, while meeting the necessary requirements to possess the status as an Insured party, cannot be covered by the Unemployment guarantee.

2.What type of cover do I have the right to?

For the purposes of the present Policy, if any of the risk events guaranteed should occur, the monthly premium amount or the amount per month (in the case that the premium is paid quarterly, six-monthly or annually) of the health insurance corresponding to all Policyholders, is covered.

The present contract guarantees the beneficiary the payment of the monthly premiums of the health insurance policy for every thirty consecutive days during which the Insured member is in a situation of unemployment or temporary incapacity for a maximum of six consecutive monthly payments. In any case, the amount of the monthly payment for each Policy shall be that which exists at the date on which unemployment or temporary incapacity occurs.

3.If a claim occurs, do I need to wait for any period of time?

Yes. If situations of unemployment occur after the first case of unemployment, payment of new benefits will only be made if the insured party has been actively in a new permanent labour relationship for a minimum period of six months.

In the event of producing situations of temporary incapacity subsequent to the first one, new provisions shall be paid if the Insured member has been working for six months since the end of the previous temporary incapacity period if it involves the same cause of disability or one month if it involves a different cause.

4.Do I need to observe a qualifying period?

Yes. The right to the provisions covered by this contract begins from the time the health insurance policy is arranged, with the qualifying periods mentioned below. Qualifying period is understood to mean that in which the production of the claim does not generate any type of indemnity, present or future, for the Insured member. This period shall be two months for unemployment and one month for the temporary incapacity. There is no qualifying period for temporary incapacity arising from an accident.

5.Definitions and exclusions

UNEMPLOYMENT: is understood as the situation which the Insured Party faces when his or her employment relationship is terminated or when this relationship is suspended by virtue of a redundancy procedures or when the working day is reduced by at least 50% for the aforementioned reason. Those who are under 18 and over 65 are excluded, in all cases, from unemployment cover.

The following situations for the worker are not considered as unemployment:

- a)When termination of the contract is voluntary, except for reasons provided for in Articles 40, 41 and 50 of the Workers' Statute.

b) When the employee has been made redundant but has not claimed within the relevant period or in the appropriate manner as per the decision of the company, except in the case that the contract is terminated or the employee made redundant on the basis of the objective reasons provided for in Article 52 of the Workers' Statute.

c) When, the redundancy has been declared unjust or null and void by a final Sentence and communicated by the employer on the date of return to work, this right shall not be exercised by the Insured Party and no use shall be made, where appropriate, of the actions provided for in current legislation.

d) When the return to work has not been requested, in the event that the option between compensation and return to work has been offered to the Worker, or if he/she had been on leave and the period set for this had expired.

e) When the employee's contract is terminated by the will of the latter.

f) Permanent workers with intermittent contract in the periods in which they are not working.

Likewise, the Insured Party does not have a right to earn benefits for Unemployment in the following circumstances:

a) If there is any situation of Unemployment within the Exclusion Period.

b) If the employee's Labour Relationship were with a company close to the family circle to the second degree of blood or family relationship or if the Insured Party or a family member up to the second degree of blood or family relationship were a company administrator.

c) If the Insured Party were a partner in the employer company with direct presence or representation in the administrative bodies of the Company.

d) If the Insured Party rejects an alternative position offered by the company or by another businessman in accordance with

his/her training and experience, which is located less than fifty kilometres from the work centre.

e) If the Insured Party rejects an alternative position offered by the company or by another businessman in accordance with his/her training and experience, which is located less than fifty kilometres from the workplace.

TEMPORARY INCAPACITY: this is the temporary physical situation motivated by illness or accident that determines the incapacity of the Insured member to exercise his or her professional or work activity. The illness or accident that determines the temporary incapacity should be produced when the Insured member is in paid employment in Spain. Said temporary incapacity should be diagnosed by the relevant doctor from Social Security or similar. The right to receive the contract provisions shall end when the Insured member can or does resume his or her work, even partially, or when his or her condition becomes one of permanent incapacity.

Claims that result from any of the following circumstances are not considered temporary incapacity:

a) leave because of birth, miscarriage or maternity.

b) surgical operations and medical treatments demanded by the Insured member exclusively for aesthetic reasons, so long as they are not consequences of an accident, as well as injuries or illnesses caused voluntarily by the Insured member;

c) problems caused when the Insured member is under the influence of alcohol, drugs or narcotics not prescribed by a doctor; those that occur from mental disorders, somnambulism or from challenges, struggles or arguments, except in a proven case of self-defence; as well as those resulting from a legally determined criminal action on the part of the Insured member;

d) any illness, ailment or injury, including AIDS and HIV (or illnesses arising from

them), which the Insured member knew about at the time of signing the present contract and which were not duly declared to SANITAS:

- backache, save where there is proven evidence from complementary medical studies (radiology, scintigraphs, scanners, CAT scans, etc.) and which cause Temporary Incapacity;
- headache and mental or nervous disorders, even where medical evidence exists.

6. What do I need to do to use_ this guarantee?

In the case of a claim, the insured party will need to make contact via telephone on **(+34) 91 836 1849** or by emailing **clp.es.siniestros@partners.axa**.

The Insured Party will need to provide the supporting documents for the claim requested by the insuring company, which may at any time request supporting documents to show that the Insured Party remains in a condition of Unemployment or Temporary Incapacity. No further monthly benefits will be paid if this documentation is not delivered within the period of sixty days from the date on which it was required.

7. Complaints

A telephone number is available for Insured members in the event of any enquiries or complaints: **91 836 18 49**. Complaints and grievances can also be submitted in writing to the Client Service Department of the Company (Calle Arequipa 1, 3ª planta, 28043 Madrid) or by email: **cliente.atencion@partners.axa**, which will resolve these matters within a maximum period of two months. In the event no reply is received from the Company or if this reply is not satisfactory, Insured members can address the Complaints Department of the Directorate-General for Insurance and Pension Funds Paseo de la Castellana 44 28046 Madrid. To submit the complaint to the Complaints Department referred to above, the Insured member needs to accredit that

they have contacted the Company's Client Service Department beforehand and that this Department has either rejected the complaint or more than two months have lapsed since it was submitted with no reply.

8. Data protection

The Insured members are informed that the personal data provided as a result of this contract, including health information, shall be entered to a computer file held by the Company **AXA FRANCE IARD, office in Spain**, which they may address in order to exercise their rights of access, rectification, cancellation and opposition. This information is collected for the execution of the insurance contract and to send to the owners of commercial information on other types of financial products or insurance policies marketed by the contracting company. If you do not wish to receive commercial information, please make this known to the address shown on the letterhead. Opposition to the sending of commercial information shall not prevent the formalisation of the contract.

Likewise, information may be granted to common files for claims settlement and for the prevention of fraud in the insurance sector.

Pharmacy Cover

This consists of reimbursing the amount for drugs whose marketing is authorised by the relevant public body, provided that they are required for the treatment of conditions suffered by the insured and which are covered by the policy hereunder.

The reimbursement of this amount shall be performed in the percentage set in the Particular Terms and Conditions and up to the limit of the capital insured as specified in the above Terms and Conditions, once the insured submits the invoice in proof of payment of the drug and the doctor's prescription.

Cover of Payment of Premium for Death

The present contract is bound by the matters set out in Act 50/1980 of 8 October on Insurance Contracts (Official State Bulletin of 17 October 1980), Act 20/2015 of 14 July on the Management, Supervision and Solvency of Insurers and Reinsurers and its implementing regulation (Royal Decree 1060/2015 of 20 November on the Management, Supervision and Solvency of Insurers and Reinsurers) and the matters agreed upon in the General, Special and Particular Terms and Conditions of Policy No. 75,00744, effective as of 1/1/2005.

The Insurance Company is Seguros Lagun Aro Vida, S.A., with business address at Camino de Capuchinos 6, 2º, Bilbao, Biscay, Spain (Tax ID Code A-20182705 and registered on the business register of Biscay, Volume BI-186 of Companies, Page 42, Sheet 16.779, Registration 1).

The Member State to which the control and supervision of the activity of the Insurance Company corresponds is Spain and in particular through the Directorate General of Insurances and Pension Funds at the Ministry of Economy and Business.

Policyholder: Sanitas Sociedad Anónima de Seguros.

1. Insured cover. Death from any cause

Seguros Lagun Aro Vida, S.A. undertakes, in the event of the death of the Policyholder of the present healthcare Policy for any reason and in any place, to pay Sanitas S.A. Seguros the premium corresponding to twelve (12) months of the health insurance of the people insured under this Policy from the date of notification of the death.

The Policyholder of the present healthcare Policy shall meet the requirements laid down in section 2 Insured Group to benefit from coverage.

The abovementioned twelve consecutive monthly payments shall begin to compute after the date of notification of the claim.

Without prejudice to the matters indicated in the previous paragraph, in the event of outstanding payments between the time of death and notification, Seguros Lagun Aro Vida S.A. shall take care of them, discounting these amounts then from the guarantee described in the previous paragraph.

2. Insured group

People insured by this Policy are the Policyholders of any of the health insurance so long as the respective insurance policies are up to date in payments and there is more than one person insured under them or, in the case of a single person insured, this is not the same person as the Policyholder of the Policy concerned.

3. Term of contract

The insurance Policy of which the present certificate forms part has a duration that coincides with the calendar year and shall be tacitly renewed by successive calendar years save express opposition from the Policyholder or Insurer to one of the extensions in time and form.

The present individual insurance certificate enters into force on the date the collective life insurance Policy takes effect, i.e., 1 January 2005, or, in the event of the incorporation of an insured to the insured group after that date, the date of effect of the present certificate shall coincide with that of the health insurance Policy of those indicated in stipulation 2 above of which the Insured is in turn the Policyholder. This certificate shall finalise if any of the reasons for unsubscribing from the insured group indicated in the following Duration of the Insurance clause occur.

4. Claims

If you need to make a claim, please phone the Helpdesk: 902 10 24 00. You will need to

provide the death certificate of the Policyholder.

5.Reasons that can cause a person to unsubscribe from the insured group

1. Discharge for any reason of the health insurance Policy from among those mentioned in clause 2 above of which the Insured was in turn the Policyholder.

2. Discharge for any reason of the collective life insurance Policy of which the present Individual Certificate forms part.

6.Risks excluded from death coverage

Claims made as a direct or indirect consequence of a nuclear reaction or radiation or radioactive contamination.

7.Venues of complaint

In the event of dispute, the Policyholder can contact:

In writing, internally and as part of customer service:

Seguros Lagun Aro, Departamento de Atención al Cliente, Apartado nº 126 F.D. 48080 Bilbao

In writing, externally:

Dirección General de Seguros y Fondos de Pensiones, Comisionado para la Defensa del Asegurado y del Partícipe en Planes de Pensiones, Paseo de la Castellana, 44. 28046 Madrid

The regular courts and tribunals

8. Personal data protection

Sanitas S.A. de Seguros, for the effectiveness of the present group life insurance Policy, shall report to Seguros Lagun Aro Vida, S.A. the personal data, including health information, of the Insured who make up the insured group at any time, which are essential for the maintenance of the contractual relation. In this regard, we would inform you that your personal data,

collected herein or which may be collected in the future for the maintenance and management of contractual relations with Seguros Lagun Aro Vida S.A., shall be recorded on a computerised file belonging to Seguros Lagun Aro Vida and located in its Data Processing Centre in Mondragón, Paseo José María Arizmendiarieta s/n, about which the people affected can exercise their rights of access and, where applicable, of rectification, cancellation and opposition.

For its part, Seguros Lagun Aro Vida, S.A., agrees to meet the provisions contained in Articles 9 and 10 of the Organic Law on Personal Data and maintain the confidentiality of the data claimed and shall look after them and adopt the relevant security measures in accordance with the matters set out in RD 994/1999 of 11 June.

Supplementary subsidy cover for hospital admission

Included in the insured cover

SANITAS will pay daily compensation for Healthcare under Hospitalisation for the total time the Insured must stay in hospital, provided that this hospitalisation, even though it might be insured cover on the policy, is not provided under the insured cover of the policy. The daily amount and the maximum number of days in hospital that could be included in the insured cover per insured and year will be set out in the Individual Terms and Conditions of the Policy. If the insured is hospitalised more than once in the same year of the contract, the days hospitalised in each period will be added up in order to calculate the aforementioned time limit.

Not included in the insured cover

- **Any type of hospitalisation that is not included in the insured cover and those in which SANITAS covers the cost of hospitalisation.**
- **Psychiatric hospitalisation and those that do not last more than a minimum period of 24 consecutive hours.**

- **The day of admission and/or the day of discharge if they occur after 15.00 of that day.**
- **Insureds over 70 years old.**

Waiting periods

8 months starting from the date the insured is added to the policy.

Territorial scope of cover

Spain.

Processing

The insured must provide a medical report confirming the hospitalisation period, the reasons for hospitalisation and for the treatment received, specifying the hospital where it was carried out and identifying the professionals who intervened. An invoice confirming payment of the stay in hospital must also be provided or if it has been paid by another private insurance company or the National Health Service, document confirming this cover. The report must be provided within a maximum of 7 days from the date of hospital discharge.

Cover in the United States

The services included in this policy cover may be provided to the insured in the United States:

- **Only in the centres appointed by SANITAS for this purpose.**
- It is an **essential** condition that these services are **previously authorised by SANITAS**, which will manage and process the services covered.

Coverage in the United States extends to one hundred percent of medical expenses up to the insurance limits per Insured and annual period indicated below:

- **Total limit in the United States: €500.000.**

- **Hospital care up to €443.500, with a sub-limit for childbirth of €3.610.**
- **Outpatient care up to €52.000.**

This cover is provided under a partnership agreement with these healthcare facilities arranged by SANITAS and will be without effect if that agreement terminates.

Second medical opinion cover

Includes a second opinion on medical diagnosis or treatment in the event of serious chronic diseases requiring scheduled care of which the course may require new diagnostic tests or therapeutic measures and whereof the life prognosis is seriously compromised. This second opinion shall be issued by a medical report by leading specialists, healthcare centres, physicians or academics in any country in the world, designated by SANITAS.

To use this service, the Insured can call 93 25 40 538 for an explanation of the procedure to follow and the documentation to supply, which shall include written medical information, X-rays or other image diagnoses, excluding dispatch of any biological or synthetic materials. The dossier shall be sent, with due confidentiality, to the specialist or centre concerned, according to the disease being treated.

When the process ends, the Insured will be sent a second medical opinion report which will include:

- Summary of their clinical history.
- Opinion of the experts consulted.
- Curriculum vitae of these experts.

During the whole of this process the Insured shall be accompanied by a consultant physician responsible for managing the case and advising the patient at all times.

Acute diseases or those requiring an urgent answer are excluded from this service.

Consultations, tests or treatments not performed in accordance with the rules or covers of the healthcare policy will not be covered.

Sanitas Dental Reimbursement

The benefits insured by this policy are specified in the document *Insured Dental Benefits*, attached to the Particular Terms and Conditions and forming an integral and inseparable part of them and of these General Terms and Conditions. They are classified as follows:

- Without excess: The Insured does not have to pay any amount to the dentist unless the policy provides for copayments, which shall be specified in the Particular Terms and Conditions.

- With excess: The Insured must pay the excess amount determined in the *Insured Dental Benefits* document, attached to the Particular Terms and Conditions of this policy, for the service performed.

If there is any change to the insured benefits or the amount of excess, the Insurer shall notify the Insured of the new amounts to pay with two months' notice of the date of effect. Payment of the premium implies acceptance of such changes.

If the Insured makes use of insured benefits outside the partnered medical network or of insured benefits with an excess within the partnered medical network, the Insured shall be entitled to a reimbursement of the amount paid, in such a manner that the amount paid at the dental clinic shall be reimbursed in the percentage and through to the insured capital limits expressly indicated in the Particular Terms and Conditions and the *Insured Dental Benefits* document.

QUALIFYING PERIODS

All coverages shall enter into force once it has taken effect on the date expressly indicated in the corresponding Particular Terms and Conditions, and once the following waiting periods have elapsed:

- **Dental coverage:** 8 months

COMPLEMENTARY COVERAGES OF YOUR INSURANCE

Traffic and Occupational Accidents Cover

Sanitas will cover, under the terms and conditions set down in the policy hereunder, healthcare required by the insured as a result of traffic accidents, occupational accident or occupational illness, considered as such by the relevant Administrative Authorities.

Healthcare requiring treatment for illness, injury, malformation or defects derived from professional sporting activities is excluded.

Family Care Cover

1. PURPOSE OF THE COVER

Family Care is a complementary cover to the healthcare policy with guarantees that are covered when the insured needs to be **hospitalised for more than 48 hours** or is immobilised at home for **more than 5 days** for convalescence with medical leave or an equivalent certified document, or when the insured dies as a result of an accident or illness.

2. TERRITORY COVERED

The Family Care guarantees will apply throughout Spain for insured parties domiciled in Spain, even if the accident or illness is produced outside of Spain.

3. USE OF THE SERVICES

To use the services the insured must be up to date with his or her premium payment obligations. The services will be provided via a provider appointed by SANITAS. The insured must contact the provider by calling 91 353 63 48 as soon as possible after learning of the hospitalisation, immobilisation or death.

4. GUARANTEES INCLUDED

Through the provider that SANITAS appoints, SANITAS will provide the following guarantees:

1. Home help

The provider will send a person to the insured's home to help with basic household tasks (cleaning, washing, ironing, meal preparation, etc.) for a **maximum of 30 hours at a ratio of 2 continuous hours per day** starting from the first day. These hours will be distributed throughout a **maximum period of 1 month**.

The number of hours of service provision will be assigned on the basis of an objective assessment of the applicant's degree of autonomy, considering aspects such as the effective time of immobilisation or invalidity to perform basic tasks, the seriousness of the insured's injuries and the number of dependent family members.

The provider reserves the right to ask the insured for the medical report and tests that have been performed, which will be assessed by a medical team who will determine and evaluate the insured's degree of invalidity and subsequently the hours of home help needed.

The home help guarantee cannot be accumulated if various members of the same family are injured or immobilised in the home.

2. Transfer of a relative to care for children under 16 years of age or disabled children

Transfer of a relative of the insured or the person designated by the insured to the insured's home to care for his or her children. The transfer will be aboard a scheduled airline flight (economy class), train (1st class) or taxi. Return ticket included.

This guarantee excludes guarantees 3, 4 and 8.

3. Home help to care for children under 16 years of age or disabled children

A person will be sent to the insured's home to care for children under 16 years of age or disabled children and the number of hours will be established on the basis of the effective time of immobilisation or the severity of the insured's injuries, with a minimum of 2 continuous hours a day from the first day and up to a total maximum of 30 hours distributed throughout the maximum period of 1 month.

This guarantee excludes guarantees 2 and 4.

4. Transfer of children under 16 years of age or disabled children

Transfer of children under 16 years of age in a scheduled airline flight (economy class), train (1st class) or taxi to the home of the relative appointed by the insured in Spain.

This guarantee excludes guarantees 2 and 3.

5. Escort transferring children under 16 years of age or disabled children

A person will be appointed to escort underage or disabled children to the home of the relative appointed by the insured in Spain. The escort will be appointed by the provider, so long as there is no possibility of the insured appointing an adult escort.

6. Escort to take children under 16 years of age or disabled children to school and back

An escort will be appointed by the provider for a maximum of two journeys a day for up to 5 days, if no relative is available, and for a maximum period of 1 month.

7. Home help to care for elderly parents

A person will be sent to the insured's home to care for elderly parents who live in the same home as the insured and who are dependent upon him or her, according to the laws in force. Up to a maximum of 30 hours at a ratio

of a minimum of 2 continuous hours per day starting from the first day.

The number of hours of service provision will be assigned on the basis of an objective assessment of the applicant's degree of autonomy, considering aspects such as the effective time of invalidity to perform basic tasks, the seriousness of the insured's injuries and the number of dependent family members.

The provider reserves the right to ask the insured for the medical report and tests that have been performed.

This guarantee excludes guarantees 8 and 9.

8. Transfer of a relative to care for elderly parents

Transfer of the relative appointed by the insured to the insured's home in a scheduled airline flight (economy class), train (1st class) or taxi to care for elderly parents who live in the same home as the insured and who are dependent upon him or her, according to the laws in force. Return ticket included.

This guarantee excludes guarantees 2, 7 and 9.

9. Transfer of elderly parents

Transfer in a scheduled airline flight (economy class), train (1st class) or taxi to the home of the relative appointed by the insured in Spain of the elderly parents who live in the same home as the insured and who are dependent upon him or her, according to the laws in force. Return ticket included.

This guarantee excludes guarantees 7 and 8.

10. Care of pets (dogs and cats)

Transport and accommodation for pets (dogs and cats) from the first day and for a maximum of 1 month.

11. Dispatch of medication

Dispatch of medication to the place where the insured is located in Spain, for a maximum of 3 times in 1 month.

The cost of the medication is excluded and must be paid for by the insured upon delivery. The provider takes no responsibility regarding delays in delivery or state of medication for causes not imputable to it.

5. GENERAL EXCLUSIONS

Damage, situations, expenses and consequences deriving from the following are excluded from the insured guarantees:

5.1. Wilful misconduct on the part of the insured

5.2. Nuclear reactions or radiation or radioactive, chemical or biological contamination, either directly or indirectly.

5.3. Events whose size or seriousness qualify them as catastrophic.

5.4. Armed conflict, even if it hadn't been preceded by an official declaration of war.

5.5. Extraordinary risks, even when the disaster has ended, as well as extraordinary situations such as natural phenomena (flood, earthquake, volcanic eruption, atypical cyclone, falling astral bodies and meteorites).

6. GRACE PERIODS

All of the guarantees described above will be provided to the Insured by SANITAS from the date of the present supplementary cover taking effect in relation to the Insured who requests a service covered herein.

Clause III: Exclusions from cover

Healthcare arising from the risks indicated below is excluded from the cover of this policy, regardless of any other exclusion duly highlighted in the terms and conditions of this policy:

A. All types of disease, injury, pain, constitutional or congenital defect, deformity, medical condition or situation existing prior to the registration date of each Insured party in the policy and/or those as a result of accidents or diseases and their consequences arising prior to the date of inclusion of each Insured party in the policy.

The Policyholder, on his/her own behalf or that of the Insured parties, must include any type of injury, congenital condition, disease, diagnostic test, treatment and symptoms that may be considered the onset of a condition in the health questionnaire included in the insurance application. Where not indicated, any insured cover directly or indirectly relating to the declaration not made shall be excluded. SANITAS shall assess the information provided by the Policyholder as a basis to accept or reject the arrangement of the insurance or to accept it excluding certain insured cover.

B. Healthcare relating to diseases, accidents, injuries, deformities or defects:

- Arising as a consequence of international and civil wars, acts of terrorism in any form (chemical, biological, nuclear, etc.), revolutions and military manoeuvres, even in times of peace time, and officially declared epidemics.
- Directly or indirectly related to nuclear radiation or radioactive contamination and those resulting from officially declared catastrophes.

- Arising from working or professional accidents.
- Any services associated to road accidents, whether they occur in Spain or abroad are excluded from the insured cover, except any urgent attention required or unless the road accident add-on has been taken out.
- Those occurring whilst the insured is doing extreme sports as an amateur, for example aerial activities, high speed motor sports, scuba diving, off-piste skiing or ski jumping, bobsleigh, rock climbing, boxing, any type of wrestling, bull fighting and encierros, martial arts, rugby, quad biking, caving, sailing or rafting activities, bungee jumping, hydrospeeding, canyoning, parachuting, paragliding, hot air ballooning, free flying, gliding, hunting, horse riding and any other activity with a similar risk and those resulting from sports competitions, including training sessions.

C. Healthcare provided at Social Security clinics or services or those integrated in the National Health System. Cross-border healthcare is also excluded.

D. Hospitalisation for problems of a social nature.

E. Health care and/or inpatient treatment provided to the Insured by persons that are related with the Policyholder or with the Insured by conjugal relationship or kinship until the fourth grade of consanguinity or affinity, inclusive.

F. Healthcare derived from chronic alcoholism, drug addiction, intoxication due to the abuse of alcohol, psychotropic drugs, narcotics or hallucinogens, attempted suicide and self-harm, diseases or accidents due to intent or gross negligence of the Insured, infection by Human Immunodeficiency Virus, AIDS and related diseases.

G. All diagnostic, surgical or therapeutic methods, procedures or techniques that appear after the date of taking out the policy except where SANITAS, in compliance with art 126.2 of Royal Decree 1060/2015 of 20 November on the Organisation, Supervision and Solvency of Insurance and Reinsurance Companies has communicated to the Policyholder in writing that they have been included in the insured covers under the terms and within the limits established in said communication.

Also excluded are any therapeutic method, surgical technique or diagnostic test performed within a clinical trial or not used in regular clinical practice due to lack of safety or efficacy, considering these to be those not approved by the European Medicines Agency and/or the Spanish Agency of Medicinal Products and Medical Devices, as well as by the health technology evaluation agencies of Spain's regional health services or national Ministry of Health.

Also excluded from coverage are therapeutic methods, surgical techniques and diagnostic tests that have been clearly surpassed by other available ones.

H. Any type of service relating to:

- Conditions or treatments that are not covered or any other medical benefit with a direct relation to a treatment that was not done under the policy's insurance coverage for not being covered by it.
- Specific diagnosis and treatment, including surgery, aimed at addressing infertility in both sexes, except for the tests listed in the corresponding gynaecology and urology section (in vitro fertilization, artificial insemination, etc.), or impotence and erectile dysfunction, including sex change surgery.
- Voluntary interruption of pregnancy.
- Transplants of organs, tissues, cells or cells components, except autologous

transplant of both bone marrow and progenitor cells of peripheral blood due to haematologic lineage tumours and cornea transplant.

- Heterologous transplants.
- Any surgical procedure on unborn babies.
- Any surgical technique using robotic surgery equipment.
- Genetic studies for ascertaining the predisposition of the insured or their current or future ascendants or descents of suffering diseases related to genetic alterations. Tumour and liquid biopsy genetic studies are expressly excluded, except: BCRA1 and BCRA2 determination, the genetic panel for studies of hereditary breast and ovarian cancer and genomic tests for breast cancer (ONCOTYPE; MAMMAPRINT and PROSIGNA) under the conditions detailed in previous sections. It excludes HLA DQ2 / DQ8 molecule study, HLA class I and II DNA typing, PCA3 study, genome sequencing, full gene clinical exome study, microarray, pharmacogenetics (except for the study for diagnosing dihydropyrimidine dehydrogenase deficiency) and gene therapy.
- Prostheses and implantable material, except those set out in the corresponding section of the general terms and conditions. Exclusions include: any type of external prosthesis, personalised prostheses, any type of orthopaedic material, external fixation devices, biological or synthetic materials, grafts; valved conduits, except valved conduits associated to aortic valve surgery, implantable infusion pumps for medicine, spinal cord stimulation electrodes, defibrillators and artificial hearts.
- Operations, infiltrations and treatments, as well as any other action that is purely for questions of appearance or of a cosmetic nature. In terms of breast

surgery, only those caused by tumour disease are included, the following being expressly excluded: prophylactic operations, except those that meet the criteria detailed in the breast cancer section; and those performed to correct breast hypertrophy and/or gynecomastia. Any kind of disorder or complication which may occur subsequently and which is directly and/or mainly caused by the Insured's undergoing an operation, infiltration or treatment of a purely aesthetic or cosmetic nature are also expressly excluded.

- Treatment with platelet- or growth-factor-rich plasma.

- Hyaluronic acid, whether sold as a medicine or health product.

- Educational therapy in all its forms, such as language education in processes unrelated to organic disease or special education in patients with mental illness.

- General medical examinations for preventive purposes, except the cover mentioned in these General Terms and Conditions.

- Alternative medicine, naturopathy, homeopathy, acupuncture, mesotherapy, hydrotherapy, pressotherapy, ozone therapy, chiropractic, etc. All care provided in integrative medicine medical centres or clinics or that combine medical care and non-conventional therapies recognised as pseudo-therapies by the Spanish Ministry of Health and the Spanish Medical Association is excluded.

- Services or techniques that merely consist of leisure, rest, comfort or sporting activities, similarly treatments at spas and health farms.

- Orthosis, orthopaedic products, anatomical products, glasses, contact lenses, hearing devices, and others.

- All treatments with hyperbaric chamber are excluded.

- Any radiofrequency treatment at musculoskeletal level, except vertebrae.

I. All surgical techniques or therapeutic procedures using laser, except:

- Ophthalmic photocoagulation exclusively for ischaemic retinopathies, macular oedema, glaucoma and peripheral retinal lesions (holes or tears).

- Corneal cross-linking for keratoconus treatment.

- Haemorrhoid treatments.

- Clinical (not cosmetic) peripheral vascular surgery.

- Ear, nose and throat CO2 laser.

- In musculoskeletal physiotherapy.

- Laser endourethral and vesical lithotripsy.

- Laser vaporization and enucleation of the prostate.

J. Travel expenses except those covered in the ambulance section of these General Terms and Conditions.

K. Any kind of refractive surgery (for myopia, hypermetropia and astigmatism) is excluded.

L. The following human medicines:

- Those administered to the patient outside of hospital or in a day hospital, except chemotherapy administered via parenteral by a healthcare professional in appointed centres and using bladder instillation in the case of MITOMICINA and BCG. Medication in ventilation therapy or aerosol therapy, as well as over-the-counter products.

- Medicinal products not on the market in Spain.

- **The following special medicines:**
 - **Vaccines/autogenous vaccines and other biological medicinal products**
 - **Medicines of human origin**
 - **Advanced therapy medicinal products (gene and cell)**
 - **Medicinal plant products**
 - **Homeopathic medicinal products**
 - **Radiopharmaceuticals for therapeutic purposes (for example yttrium (90Y) chloride, ibritumomab tiuxetan (90Y), radium-223 dichloride, lutetium (177Lu) oxodotreotide, etc.) except those mentioned in Medical Oncology, such as sodium iodide I 131 for treating overactive thyroid and thyroid cancer, as well as the use of 90Y-Yttrium Citrate for radioisotopic synoviorthesis.**
 - **Adoptive cell transfer therapies (for example CAR T-cell therapy, adoptive transfer of autologous tumour infiltrating lymphocytes (TIL)) and any other therapies not expressly mentioned, are excluded, unless SANITAS has informed the policyholder in writing that it is included in the cover.**

All pharmacokinetic studies are excluded.

M. Water birth, homebirth and alternative childbirth techniques are expressly excluded.

N. Metabolic surgery is excluded in diabetes.

Clause IV: Qualification periods

All benefits which under this policy are assumed by the Insurer, on the basis of the approved medical network, will be provided from the time this contract becomes effective. **HOWEVER, THE FOREGOING GENERAL PRINCIPLE DOES NOT APPLY TO MEDICAL, SURGICAL AND/OR HOSPITAL HEALTHCARE IN THE EVENTS DETAILED BELOW, TO WHICH SHALL APPLY THE SPECIFIED QUALIFICATION PERIODS:**

Qualification Periods for the modality of Contracted Medical Network:

- **Vasectomy and tubular ligation:** 10 Months
- **Psychology:** 6 Months
- **Complex diagnosis tests:** 6 Months
- **The complex therapeutic methods as defined in the glossary:** 10 Months
- **Group 0 to II operations, as classified by the Spanish Medical Colleges Organisation:** 3 Months
- **Child delivery or caesarean except premature birth (less than 37 weeks):** 8 Months
- **Hospitalisation and group III to VIII operations, as classified by the Spanish Medical Colleges Organisation:** 10 Months
- **Bariatric surgery for morbid obesity:** 60 Months

Qualification Periods for the modality of Reimbursement of expenses:

- **Psychology:** 6 months
- **Vasectomy and tubular ligation:** 10 months
- **Complex diagnosis tests:** 6 months
- **The complex therapeutic methods as defined in the glossary:** 10 months
- **Group 0 to II operations, as classified by the Spanish Medical Colleges Organisation:** 3 months

- **Child delivery or caesarean except premature birth (less than 37 weeks):** 8 months
- **Hospitalisation and group III to VIII operations, as classified by the Spanish Medical Colleges Organisation:** 10 months
- **Bariatric surgery for morbid obesity:** 60 months

The above qualification periods do not apply to accidents or illnesses that are life-threatening, unexpected and diagnosed after the date the corresponding cover takes effect, provided the care is covered by the insurance policy. Including cases of premature childbirth (before 37 weeks).

Clause V: Form of service provision

1. Through the contracted medical network

Care shall be provided according to healthcare regulations applicable, by professionals with sufficient qualifications for each specific service and belonging to the contracted medical network corresponding to this insurance product. Where one of the services included in the cover of this policy does not exist in the town where the Insured is located, it shall be provided in another region through the healthcare provider that the Insured chooses in each case.

On receiving applicable services, the Insured must present his/her SANITAS card. Also the Insured must show his/her National Identity Document, if such was required. Each time the Insured receives a service covered by this policy, he/she must pay, in the concept of participation in the cost of such service, the amount that is established in the Particular Terms and Conditions.

SANITAS must provide insured cover under the terms established in the policy and is not bound by the decisions that professionals may make, whether or not they belong to its medical network or are included in this insured cover.

The care may be provided in different ways, depending on the service to be given:

1.1. Free access.

The Insured shall be able to attend freely in Spain the consulting rooms of consultants, general physicians and paediatrics, as well as the emergency centres that belong to the contracted medical network by SANITAS for this product. **Please check your User Guide to Doctors and Services for those consultants for which you will need prescription/authorisation.**

1.2. Prior prescription for the performance of the service

Diagnosis tests, therapeutic methods, and certain care services will require, for their performance, written prescription by a physician belonging to SANITAS medical network.

Particularly, Psychology consultations must be prescribed by a Psychiatrist, General Practitioner, Oncologist or Paediatrician.

1.3. Prior prescription and authorisation for the performance of the service.

As a general rule, for surgical operations, inpatient treatment and counselor professionals, prior express authorisation by SANITAS shall be needed, after the written prescription of the professionals belonging to SANITAS network. Such authorisation shall be also needed for certain therapeutic methods, diagnosis tests and other care services, whenever such is said in the General Terms and Conditions of the policy. The authorisation voucher shall not be valid if at the moment of receiving the service, the Insured is not fulfilling all the requirements established in the General Terms and Conditions of his/her policy to access to the full insured coverage relating to the service indicated in such authorisation voucher (i.e. no being current on payments of the premium, preexisting condition not declared, etc.).

1.4. Prior authorisation for the service to be performed by expressly accredited professionals

Any laparoscopic or arthroscopic surgical procedures and those involving radiofrequency or laser techniques must be performed by professionals specifically arranged and accredited by SANITAS to perform this type of specific surgical technique.

1.5. Prior authorisation and express designation of the physician

More particularly, for surgical procedures of great complexity, as indicated below: neurosurgery, heart surgery, bariatric surgery and backbone surgery, surgery requiring robotic equipment, assisted navigation equipment or any other restricted

implementation technology, that are covered by this policy, SANITAS shall appoint the healthcare centre and the professionals to perform the surgery in each individual case and prior to the specific surgical procedure.

1.6. Services at the Insured's home.

SANITAS undertakes to provide home services in those localities where it has an arrangement for the provision of this service.

Any change of the Insured's home address must be reliably notified with a minimum of eight days' notice before requiring any service.

Services provided in the Insured's home are those relating to the specialties of Family Medicine, Paediatric Medicine, Emergency Care, Nursing, Special Home Care, Ambulance and Respiratory Therapies. All of these require a doctor's prescription except Family Medicine and Paediatric Medicine. SANITAS reserves the right not to provide the service when in the doctor's opinion it is not necessary.

Specifically, respiratory therapies must be prescribed by a specialist appointed by SANITAS. In all treatments, the insured must renew the service prescription and authorisation from SANITAS with a variable frequency according to the type of device and sessions authorised in each case, except for CPAP for patients already classified as chronic, who have indefinite authorisation that does not need to be renewed, except under exceptional circumstances (change of province of residence, change of policy).

1.7. Care in case of temporary displacement to Cantabria and Navarra.

In case of temporary displacement of the Insured to the mentioned Autonomous Regions the service included in the coverage shall be performed through the medical network of the Entities expressly contracted by SANITAS for such performance. The Insured must present his/her SANITAS card in the Offices of the contracted Entities, accepting the administrative steps of these Entities.

1.8. Emergencies

As specified in article 103 of the Insurance Contract Act, SANITAS provides the necessary care of an **emergency** nature in accordance with the policy Terms and Conditions and that in all cases shall be provided through the resources designated by SANITAS, expressly indicated in the User Guide to Doctors and Services for this product.

In cases of **life-threatening emergency, wherever the Insured needs to be admitted to a centre not included in the medical network, SANITAS must be reliably informed** of this admission as soon as possible so that it can transfer the insured to a partner centre, provided his/her medical condition allows as such.

1.9. Care in providers not recognised by SANITAS.

Notwithstanding what is mentioned in the above paragraph for cases of life-threatening emergency, SANITAS shall not pay for the fees of professionals not belonging to its medical network, nor for the expenses of internment or services that such professionals could order. Also, SANITAS shall not pay, under the contracted medical network modality that is the object of insurance of this policy, for the expenses originated in private or public centres not contracted for this product, no matter who the prescribing or performing professional is.

2. Modality of reimbursement of expenses

The medical benefits object of coverage by this policy under the modality of contracted medical network in Spain and the network of participating centres and within the same limits and exclusions can also be covered under the modality of reimbursement of expenses, except for the medical services, included in the insured cover of this policy, that are only provided through the medical chart or

reimbursement modality and expressly specified in the Individual Terms and Conditions.. The reimbursement by SANITAS of the expenses corresponding to the insured medical benefits already mentioned, will be performed according to the reimbursement percentages and specific insured capital limits for each contracted benefit, according to which is specified in the Particular Terms and Conditions of this policy and following the regulations for reimbursement management established in these General Terms and Conditions. In all cases, these services must be performed by professionals and medical centres and hospitals that meet all of the legal requirements for conducting their activity in the country where it is carried out.

In case of using the modality of reimbursement of expenses, it will not be necessary that the prescription and performance of care services is made by a professional belonging to the medical network contracted by SANITAS.

In the event that the insured has reimbursement and emergency cover abroad, when using the latter and whenever the insured capital limit of this cover is exceeded, the insured may request a reimbursement of excess expenses they may have incurred, under the terms and conditions and within the specific limits and percentages set out in the Individual Terms and Conditions.

A) Insured capital limits

1.- Hospital health care

With the same extent of insured coverage as that mentioned under the modality of contracted medical network, SANITAS shall pay up to the limits and sublimits of insured capital established in the Particular Terms and Conditions of the policy, the expenses caused by inpatient treatment, surgical operations, child delivery or caesarean, surgeons' and their assistants' fees, midwives, anaesthetists, operating theaters use, materials and medicaments, ICU care, as

well as inpatient expenses that include upkeep and conventional room with a bed for a companion. The limit for deliveries or cesarean sections includes: medical fees, midwives, anaesthetists, use of the operating theatre, material and medications, admission to maternal ICU, and hospitalisation expenses that include room and board in a conventional room with a bed for a companion.

Surgical operations performed on the same Insured on the same day, by the same professional, shall be considered a sole operation in what refers to the application of the corresponding limit of insured capital. If the operations have been assigned a different level of difficulty by the Spanish Medical Colleges Organisation (OMC), the higher level of difficulty will be taken into account to define the insured capital limit.

The amounts indicated in the invoices for the use of specific surgical technics, provided that they are included in the cover insured by this policy, (laparoscopy, laser, etc.) shall be included in the limit corresponding to surgeons' and assistants' fees.

The Insured shall be able to use simultaneously the modalities of medical network and reimbursement in relation to the same inpatient treatment, being committed to fulfill in any case with the regulations applicable to each of those care modalities and providing that SANITAS has authorised previously such simultaneous use.

2.- Outpatient care

With the same extent of insured coverage as that mentioned under the modality of contracted medical network, SANITAS shall pay up to the limits and sub-limits of insured capital established in the Particular Terms and Conditions of the policy, the expenses corresponding to:

- **Medical Consultations**
- **Emergency Home Services**
- **Diagnosis Tests**
- **Therapeutic Methods**
- **Outpatient or Daypatient surgery**
- **Land ambulance service.**

B) Reimbursement percentage

As a general rule, SANITAS will only reimburse the percentage indicated in the Particular Terms and Conditions of the policy, of the amount of medical and/or hospital expenses in which the Insured really incurs as a consequence of the care received for the contracted benefits included in the coverage of this policy, being the rest of the percentage difference on the account of the Insured.

In case the Insured uses the contracted medical network in Spain or the worldwide network of participating centres with the prior authorisation, the Policyholder or Insured will not have to attend the payments for such services, being all medical and hospital expenses on the account of SANITAS. The Insured shall have to proceed as established in this clause.

C) Procedure for the reimbursement of expenses.

For the management of reimbursement of expenses included in the insured coverage of this policy, the following must be complied with:

C.1. The Insured or any person in his/her name must communicate the inpatient treatment, surgical operation and in general any medical service insured in the maximum term of seven (7) days since he/she knew it, unless a larger term has been agreed.

In case of surgical operation or programmed inpatient treatment, he/she must communicate such circumstance to SANITAS from the moment in which he/she has knowledge of the date in which such surgical operation or inpatient treatment is going to take place and, in any case, within the maximum term of seven (7) days counted from the date from which he/she knew this.

C.2. In case of surgical operations, inpatient treatment, child delivery or caesarean, diagnosis tests and therapeutic methods, together with the communication of the illness or accident, the Policyholder or Insured shall send to SANITAS the medical report in which

it is specified the diagnosis and nature of the illness, as well as, if such is the case, the healthcare centre, date of entry, probable duration and type of treatment.

C.3. The Insured shall also faithfully follow all prescriptions of the doctor in charge of his/her treatment and shall give SANITAS all type of informations about the circumstances and consequences of the claim.

C.4. The Policyholder or the Insured or their relatives must allow that professionals designated by SANITAS visit the Insured as many times as SANITAS considers it necessary, as well as any enquiry or check SANITAS may deem necessary about his/her state of health.

C.5. In case of inpatient treatment, once it is finished, the Policyholder or the Insured shall communicate such circumstance to SANITAS, indicating the duration of the treatment.

C.6. The Policyholder or the Insured shall hand in to SANITAS the following documents:

- Application of reimbursement, duly completed.
- Documents or invoices of the expenses really incurred in by the Insured, duly broken down in any of the concepts included in the invoices showing:
 - a) The person receiving the medical and/or hospital care.
 - b) The nature of the medical services performed (consultation, diagnosis tests, therapeutic methods, surgical operations, etc.), their dates and amounts.
 - c) Identification of the individual or legal person that has performed the care (physician, registered nurse, clinic or hospital, etc.), indicating expressly the surname, name or legal denomination, address, corporation number and tax identification number.
- Documents accrediting the payment of the invoice made by the Insured.

- Medical prescription of the medical and/or hospital services received by the Insured, except in the case of consultations and podiatry in respect of which it will not be necessary to submit such prescriptions.
- Medical report specifying medical and/or hospital services received by the Insured, the illness' process and its evolution, as well as the medical or hospital discharge, with indication, if such is the case, of the necessity of continuous care.

which the Policyholder or Insured have made the payment for the received assistance. The expenses corresponding to the translation to Spanish language of the corresponding documents (invoices, reports, etc.) written in other languages, shall be on account of the Insured.

The unfulfilment of the regulations established in the five previous points will be considered as express waiver to receive the reimbursement amount, unless such fulfillment is impossible due to force majeure causes.

The Policyholder or Insured will keep the originals of the documents mentioned in this point during the term of five years counted from the date of payment by SANITAS of the applied for reimbursement and will make them available to SANITAS upon SANITAS's request with the purpose of fulfilling SANITAS's obligations.

D) Payment of the amounts due to be reimbursed.

The Policyholder or the Insured must apply for the reimbursement of the medical and/or hospital expenses to which they are entitled according to the present policy in the term of 90 days counted from the date on which they have received the corresponding care.

Once all the required documents are received and all corresponding checks are made, to establish the existence of a claim, SANITAS will reimburse or consign the guaranteed amount.

In case the medical and/or hospital care is performed abroad, the assessment of the expenses or of the amount to be reimbursed by SANITAS will be made in euros according to the buyer's official foreign exchange rate that, on the day of payment made by the Policyholder or the Insured of the invoice of the medical and/or hospital care expenses being reimbursed, the foreign currency has in

Clause VI: Other features of the insurance

1. Basis and loss of rights of the policy

1.1. The present agreement has been closed on the basis of the **declarations made by the Policyholder and the Insured in the health questionnaire included in the insurance application, where questions are made referring to the state of health of their health, profession, Insured's sport practices and in general those habits of life that can be of relevance for a correct assessment of the risk that is the object of the insurance by this policy being it essential that the Policyholder/Insured provides with complete truthful about the questions posed since these constitute the basis for the acceptance of the risk of the present agreement**, being the mentioned Insurance Application a constituent part of it.

1.2. The Policyholder's duty, before the conclusion of the contract, to declare SANITAS, according to the questionnaire it will submit all the circumstances known to him that might affect the valuation of risk. He is relieved of this obligation if SANITAS did not submit questionnaire or even when SANITAS did, there are circumstances that may influence the risk assessment and that are not included in it.

SANITAS may terminate the contract by declaration addressed to the Policyholder within a month, as of knowledge or inaccuracy of the Policyholder. They correspond to SANITAS except willful misconduct or gross negligence on its part, the premiums for the current period to the time to make this statement.

If the incident occurs before SANITAS makes the statement to which the preceding paragraph refers, the provision will be reduced proportionally to the difference between the agreed premium and that which would have applied had the true risk been known. If there was fraud or gross fault on the part of the Policyholder, the Insurer will be

released from payment of the benefit (Art. 10 of the Insurance Contract Act).

1.3. Notwithstanding the foregoing, the Insured also loses the right to the guaranteed benefit, if the incident occurs before the premium has been paid (or, where applicable, a single premium) unless otherwise agreed (Art. 15 of the Insurance Contract Act).

1.4. The Policyholder can terminate the agreement when the medical network is changed, providing the change affects to 50% of the consultants that are part of the national medical network of SANITAS, who will have available for the Insured, at all times, in SANITAS Offices, the complete and updated list of such consultants, for the Insured's information.

1.5. In the event of the Insured not stating his/her correct date of birth, SANITAS may only contest the policy if the Insured's true age exceeds the established limits for this when the policy comes into force.

1.6. Remote subscription of Insurance: As specified in Article 10 of the Distance Marketing of Financial Services Act 22/2007 of 11 July, the Policyholder shall have a term of fourteen calendar days to terminate the remote subscribed contract, without having to indicate any reasons and incurring in no type of penalty.

The term for exercising the right to termination shall begin on the date the Insured Contract is signed. However, where the Policyholder has not received the terms and conditions of the policy and the prior information note about the contracting of the Insurance policy, the term for exercising the right to terminate shall begin to count on the date on which said information note is received.

2. Duration of insurance

2.1. The Insurance Contract expiry date shall be established in its particular terms and conditions and, at its expiry, in accordance with Article 22 of the Insurance Contract Act, it shall be extended tacitly for periods of one year. Nevertheless, either of the parties may repudiate extension by giving the other party

due written notice not less than two (2) months before the date of expiration of the current period, if it is SANITAS that gives this notice and one month if it is the Policyholder who gives it.

2.2. If the insurance policy is terminated unilaterally at the discretion of SANITAS, it may not suspend the provision of cover while the Insured is undergoing hospital treatment, until discharge, unless the Insured waives to continue the treatment.

If the insurance policy is terminated by the Insured, the covers will cease to have effect on the expiry date specified in the Particular Terms and Conditions of the policy, and the provisions of the preceding paragraph will not apply. Therefore, if the Insured is receiving some kind of insured benefit at the time the policy expires, the cover insured by SANITAS shall cease on said expiration date and it will not be obliged to pay for any cost as of said date, even those arising from a claim occurring during Insurance validity unless the policy is terminated due to fraud or gross negligence on the part of the insured.

2.3. With regards to each Insured person, the insurance lapses due

a) To death.

b) Transfer of residence abroad or not residing a minimum of six (6) months in national territory. The premium shall correspond to SANITAS until the date on which the Insured communicates and credits such circumstance.

c) For any action of the insured against healthcare or administrative staff that may violate the right to personal honor and dignity or may be a crime.

2.4. Persons under 14 years of age can only be included in the insurance if the persons that hold their custody or guardianship are also insured, unless the parties agree otherwise.

3. Insurance premiums

3.1. The Insurance Policyholder must pay the premium when the contract is accepted. The cover in the contract will not come into force until the contract has been signed and the first premium has been paid.

3.2. The first premium shall be requested once the contract has been signed. Successive premiums shall be requested on their respective due dates.

3.3. The Policyholder can apply for the division of the payment of the annual premiums in biannual, quarterly or monthly periods.

In these cases, the corresponding surcharge shall be applied. The division of the premium does not exempt the Policyholder of his/her obligation to pay the complete annual premium.

3.4. If, due to the Policyholder's fault, the first premium is not paid, SANITAS is entitled to terminate the contract or legally demand payment based on the Policy. Where payment is not received before the claim arises, SANITAS shall be freed from its obligation, except where otherwise agreed and duly indicated in the Particular Terms and Conditions of the policy.

In the event of non-payment of the second or successive premiums or their divisions, SANITAS coverage shall be suspended one month after the due date of the premium.

Where SANITAS does not claim payment within the six months following said due date, the contract shall be considered terminated.

If the contract is not terminated or discharged according to the above mentioned conditions, the cover shall once again become effective twenty-four hours following the day on which the Policyholder pays the premium or, where applicable, suitable part payments thereof.

The Policyholder shall lose any agreed right to pay part of the premium in the case of non-payment of any receipt and shall, from that moment, be required to pay the full premium agreed to for the remaining insurance period.

For premiums paid in installments, in the event of a claim, SANITAS may deduct from the amount payable or reimbursable to the Policyholder or Insured any premium installments for the current annual period not yet collected by SANITAS.

3.5. Where the parties stipulate the application of co-payments for certain benefits insured by this policy, the amounts corresponding to said co-payments shall be specifically established in the Particular Terms and Conditions of the policy. Their amount shall be established each year by SANITAS. The provisions of this Clause in the event of non-payment of the second or successive premiums or part payments thereof shall apply in the case of non-payment of the amount of co-payment.

3.6. Except where otherwise specified in the Particular Terms and Conditions, the place of payment of the premium and co-payments, where applicable, shall be as indicated in the bank debit account order form.

To this end, the Policyholder shall provide SANITAS with the details of his/her bank account where the payment of the receipts for this Insurance are to be debited and shall authorise the bank to pay them.

3.7. SANITAS is only bound by the invoices issued by the Management or by its legally authorised representatives.

3.8. The Insurer may modify the premium and the amount of participation of the Insured in the cost of services with each renewal of the Contract. This review is based on technical-actuarial criteria made and based on the variation in the cost of healthcare services, the type, the frequency of use of the benefits covered and the inclusion of technological medical innovations that were not covered on the initial effective date of the policy.

The premiums to be paid by the Policyholder will vary according to the age achieved by each of the Insured, the geographical zone corresponding to the place of performance of the services, the tariffs established by SANITAS on the date of renewal of each policy being applicable. Such variation of premiums shall be communicated in writing by SANITAS to the Policyholder with at least two months' notice with respect to the renewal date.

3.9. The Policyholder, after receiving notification from SANITAS about the **variation to the premium for the next year can choose to accept the Insurance Contract renewal for the premium proposed by the Insurer or terminate it when the Insurance term in progress ends, in the latter case notifying SANITAS in writing, at least one month before the expiry date, of your wish to terminate it.**

3.10. Payment of the amount of the premium made by the Policyholder to the insurance broker shall not be considered as made to SANITAS, unless the broker provides the Policyholder with the aforesaid Insurer's premium invoice in return.

4. Registering newborns

Newborn children can be included in the policy with all its rights since their date of birth if the care provided to the mother whilst the child delivery has been provided by SANITAS within the coverage of the mother's policy and if the inclusion of the father as an insured in the policy has taken place at least 240 days prior to the child delivery. For this to be effective, the Policyholder must communicate to SANITAS such circumstance within the 30 natural days following the date of birth, by means of completing an Insurance Application.

In any case, **SANITAS will only cover the newborn's healthcare when and if he/she is included as Insured in SANITAS.** If the inclusion of the newborn is communicated once the term mentioned above has elapsed or without fulfilling all the requirements indicated in the paragraph above this, SANITAS by virtue of the information provided

by the Policyholder in the Insurance Application can deny the inclusion of the newborn as Insured member.

5. Provision of reports

The Policyholder and Insured must provide SANITAS, whenever expressly required so to do, medical reports and/or providers cost estimates enabling the Insurer to determine whether the requested care is covered by the policy. SANITAS is under no obligation to cover the requested care unless and until it is supplied with such reports and cost estimates if the Insured is expressly required to supply them.

6. Complaints

6.1. Complaints control and procedure

a) Supervision of the business activity of SANITAS lies with the Spanish State and is exercised through the Directorate General for Insurance and Pension Funds of the Ministry of Economic Affairs and Digital Transformation.

b) In case of any type of complaint in relation to the Insurance Policy, for the settlement thereof the Policyholder, Insured, Beneficiary, Aggrieved Third Party or Successor of any of these should proceed to address:

1. SANITAS Complaints Management Department, by means of a signed written complaint with the claimant's National Identification Document or a document accrediting their identity, addressed to **calle Ribera del Loira Nº 52 (28042 Madrid) or fax to 91 585 24 68 or to the email address reclamaciones@sanitas.es**, which will acknowledge receipt in writing and issue a reasoned written decision **within the statutory deadline of two months** from the date of filing the complaint, so long as it meets all the requirements sought, pursuant to Order ECO /734/2004, of 11 March, on the customer care departments and services of financial entities and the Customer Protection Regulation available at your disposal in our offices.

2. Once this internal process has been exhausted or in the event of disagreement with the decision of SANITAS, a signed written complaint, with the claimant's National Identification Document or a document accrediting their identity, may be lodged with **Complaints Service of the Directorate General for Insurance and Pension Funds, on paper or electronically with a digital signature, via its website**. Accordingly, the claimant must prove that the established period for the settlement of the complaint by SANITAS Complaints Management Department has expired, that the complaint has been denied leave to proceed or has been dismissed.

3. Please be informed that SANITAS is not bound by any consumer arbitration board. The Insured may initiate administrative and legal proceedings as set down in the complaints procedure described in the General Terms and Conditions of their policy.

4. In any case, action may be brought before the relevant Courts.

6.2. Actions in connection to this Insurance Agreement shall be subject to a five-year time limit (Article 23 of the Insurance Act).

7. Other important legal points

7.1. Subrogation

Once payment of the covered benefit has been assumed, SANITAS may exercise the rights and actions corresponding to the Insured due to the claim caused with regards to the persons responsible for it, up to the limit of compensation paid.

The Insured must sign the necessary documents for subrogation in favour of SANITAS.

7.2. Notifications

7.2.1. Notifications to SANITAS on the part of the Policyholder, the Insured or Beneficiary **shall be sent to the Insurer's registered office as stated in the policy.**

7.2.2. The policyholder accepts the full validity and effectiveness of any notification sent by SANITAS to the policyholder's physical or email address or to the telephone number they provided in the insurance application form, until notification of any change to this information is received.

The policyholder authorises SANITAS to use their mobile phone number and email address to send notifications, information associated to their policy, such as the annual review of the premium, changes to the insurance contract, etc.

8. Data Protection clause

Personal Data will be processed, including, but not limited to, identifying and health data (hereinafter, "**Personal Data**") belonging to the Applicant, the Policyholder and the Insured Parties (hereinafter, "**the Data Subjects**") and provided through the insurance application, in addition to those collected and provided during the term of the contract. Any Personal Data is confidential and adequately protected. The Applicant and/or Policyholder warrants that all the information relating to the Policyholder and the Insured Party(ies) provided to SANITAS is true, and no information regarding the health status of each of the Insured Parties has been omitted. The Applicant will be solely liable for any direct or indirect loss or damages that they could cause Sanitas or any third party due to the documentation provided to SANITAS containing false, inaccurate, incomplete or outdated information.

The Policyholder is responsible for communicating to all the Insured Parties covered by the policy the information contained in this Personal Data processing clause, so that both the Policyholder themselves and the Insured Parties can exercise the rights described in the section "Rights of the Policyholder/Insured Parties". In addition, the Applicant/Policyholder declares that they are acting on their own behalf and that of the Insured Parties when they consent to the processing described in this clause. Likewise, the Applicant/Policyholder declares that the

Insured Parties understand and agree that they have provided or will provide their Personal Data to Sanitas, as well as Sanitas providing the Applicant/Policyholder with identifying information about the medical services for the Insured Parties covered by the policy. This is unless the Policyholder releases Sanitas in writing of its legal duty to inform them or this is requested by any of the Insured Parties.

In the case of a collective policy, the Sanitas' client entity (which may coincide in some cases with the Policyholder) and Sanitas may provide to each other, in a timely manner and on a strictly need-to-know basis, the minimal and essential identification data of the Insured Parties with the sole purpose of verifying that they meet the characteristics allowing them to benefit from the policy agreed between the Sanitas client entity and Sanitas, and/or to monitor insured events and consequently agree the insurance premium to be applied. The Sanitas client entity is responsible for communicating this situation to all the Insured Parties. Such data processing is necessary for the correct implementation and development of the insurance contract.

8.1 Personal Data Controller

The Personal Data Controller is SANITAS, SOCIEDAD ANÓNIMA DE SEGUROS, whose registered address is at C/ Ribera del Loira, 52, 28042, Madrid, Spain (hereinafter, "**Sanitas**"). Data Subjects may contact the Data Protection Officer (hereinafter, the "DPO") of the Sanitas Group via the email address "dpo@sanitas.es" or at the abovementioned postal address for any queries or requirements that they may have regarding personal data protection.

8.2 Main purposes and lawfulness of processing Personal Data

- (a) **Formalising, developing, and implementing the insurance contract.** Processing Personal Data is necessary to finalise the contract between the Applicant/Policyholder/Insured Parties and Sanitas, as well as for running, developing and implementing the contractual relationship, consisting, among other

things, of managing and supporting the Data Subjects' health care. Thus, Sanitas will process the Data Subjects' Personal Data, among other things, to manage the relationship with them, manage the policy etc. and, in certain cases, it may make automated decisions based solely on the analytical procedures used for such purposes. In these cases, the Data Subjects through the channels referred to in paragraph 8.6 "Rights of the Policyholder/Insured Parties" will have the right to review and challenge the decision, as well as to request human intervention. Sanitas may process Personal Data, including health data, to conduct customer satisfaction surveys about the services received as a result of the contractual relationship as well as to manage coinsurance, where applicable. This purpose is based on the need for processing to implement these terms and manage health and social care systems and services.

- (b) **Financial solvency analysis.** Sanitas may process the Applicant/Policyholder's Personal Identification Data to consult credit report file systems as a step for analysing financial solvency, as well as for preventing and detecting possible fraudulent conduct, based on Sanitas' legitimate interest in taking the necessary measures to identify and manage the above.
- (c) **Technical analysis.** Sanitas may process Personal Data to conduct statistical analyses regarding the operation of the technology supporting the services provided, in order to make technical, security improvements, etc. To do this, Sanitas may use the information they generate when using the technological resources placed at their disposal to improve quality, correct errors, improve usability, etc., based on Sanitas' legitimate interest in improving the quality of its technological resources.
- (d) **Managing the provision and coverage of the healthcare service which is the subject to the insurance contract,** and to this end being able to request and

obtain information regarding their health from healthcare professionals. Sanitas will process the Policyholder's/Insured Parties' Personal Data to manage the provision of the services which are the subject matter of the contract consisting, among other things, of making the appropriate payments to health providers or reimbursing the insured party or its beneficiaries for the costs of healthcare. For this purpose it may share Personal Data, including health data, with the healthcare professionals providing the healthcare service, requesting and obtaining from these professionals information regarding their health, in particular to assess the coverage and the appropriate payment or reimbursement for the services provided. In addition, as part of managing the provision and coverage of the healthcare service subject to, among other things, supporting the Policyholder/Insured Party in caring for their health, Sanitas may prepare profiles based on their Personal Data, including health data, to provide personalised information, such as recommendations and advice that will assist the Policyholder/Insured Party in taking care of their health. This purpose is based on the need for processing to implement these terms and manage health and social care systems and services.

- (e) **Research for designing models of assistance which are the subject matter of the insurance contract.** Sanitas may process the Personal Data, including health data, of the Policyholder/Insured Party to develop profiles allowing it to design assistance models in accordance with the aforesaid profiles, for the purposes of taking preventive health steps regarding the Policyholder/Insured Party as part of the object of the insurance contract. This purpose is based on the need for processing to implement these terms and manage the provision of health services and treatment.
- (f) **Offering and managing health prevention and service programs under the insurance contract.** Sanitas, thanks

to the analyses and profiles performed and as part of the healthcare support provided to the Policyholder/Insured Party will offer them the healthcare service and prevention programs designed in accordance with the above section. Offering and managing the healthcare service and prevention programs will be carried out taking into account the Policyholder's/Insured Party's specific characteristics and needs. Therefore, Sanitas will be required to process their Personal Data, including their health data, in order to offer and manage the different healthcare models specifically tailored to the Policyholder/Insured Party. This purpose is based on the need for processing to implement these terms and manage the provision of health services and treatment.

(g) Manage the provision of the health promotion service which is the subject matter of the insurance contract.

As part of Sanitas' health care support under the existing contractual relationship, Sanitas needs to process the Policyholder's/Insured Party's Personal Data in order to manage the design of specific health management plans for every Policyholder/Insured Party. To this end, Sanitas, as a result of profiling based on the Policyholder's/Insured Party's Personal Data, manages the preparation of personalised health plans and proactive monitoring programs, supports the management of complex cases (such as serious illnesses or prolonged hospitalisations), manages healthcare provision to chronic patients and also emergency care. This purpose is based on the need for processing to implement these terms and manage the provision of health services or treatment.

(h) Manage access to and use of the "Mi Sanitas" tool made available as a result of the insurance contract.

Sanitas may process the Policyholder's/Insured Party's Personal Data in order to manage and provide them with access to "Mi Sanitas" (an insurance management portal) as well as ensuring its correct operation, either through the website or the application

developed for this purpose. Sanitas, in the context of using "Mi Sanitas", will process Personal Data to, among other things, offer health recommendations, place at the Policyholder's/Insured Party's disposal receipts and refunds, manage their appointments, etc. This purpose is based on the need for processing to implement these terms and manage the health and social care systems and services. Furthermore, Sanitas makes a "Health File" service (accessible through "MiSanitas") available to the Policyholder/Insured Party so that they can request that Personal Data, including health data (e.g. medical reports or diagnostic tests), be transferred and archived in a tool used exclusively by the Policyholder/Insured Party. However, if the Policyholder/Insured Party decides to use this service, privacy information will be provided to them separately.

(i) Allow Sanitas to manage the provision of the video consultation service.

Sanitas will process, and where appropriate, assign to the third parties designated by the Policyholder/Insured Party, their Personal Data to provide the video consultation, chat or other services, made available by Sanitas to the extent that they form part of the Policyholder's/Insured Party's insurance benefits. Thus, the Policyholder/Insured Party may, through the programs and applications downloaded for this purpose, communicate remotely with health personnel and provide documentation in order to address any queries that they may have in the context of the medical assistance services provided by Sanitas. This purpose is based on the need for processing to implement these terms and manage health and social care systems and services.

Likewise, Sanitas will be able to manage the recording of the video queries taking place arising from using the "24-hour emergency" service in order to be able to manage any eventual claims made by the Policyholder/Insured Party in relation to the service received through the video consultation. This is based on the need for

processing for the purpose referred to and satisfying Sanitas' legitimate interest in preserving the documentation allowing it to attend to the queries and possible claims made by the Policyholder/Insured Party. Sanitas may also manage the recording of video queries that are not carried out within the framework of the "24-hour emergency" service in order to improve the quality of the service supplied, provided that it has their consent.

- (j) **Actuarial risk management.** Sanitas will need to process the Policyholder's/Insured Party's Personal Data, including health data, in order to conduct a statistical-actuarial analysis both to determine the associated risk and for charging for customer and potential customer's policies, either prior to the signing of the insurance contract or during its term of application in accordance with the Insured Party's new circumstances or any changes to the actuarial grounds. This purpose is lawful since the processing is necessary in order to comply with a legal obligation imposed by the regulations governing insurers and reinsurers; and for managing health and social care systems and services.
- (k) **Recording telephone conversations between the Data Subjects and Sanitas in connection with this policy.** These recordings will be carried out to be used in Sanitas' quality control processes, in order to improve the quality of the service provided to the Data Subjects, based on Sanitas' legitimate interest in upholding its quality control processes and managing its health and social care systems and services. Likewise, Sanitas may use these recordings, if any, as evidence regarding any claim that may arise between the parties, in every case treating as confidential the conversations held, based on Sanitas' lawful interest in formulating, exercising and/or securing its defence against claims, and the need for processing to ensure it. The Data Subject may request from Sanitas a copy or written transcription of the content of the conversations recorded between the two

through the channels indicated in the section "Rights of Data Subjects".

- (l) **Complying with the obligations imposed on Sanitas by legal mandate.** On certain occasions, Sanitas will need to process the Applicant's and/or Policyholder's/Insured Party's Personal Data to comply with certain legal obligations. Among other things, Sanitas will process Personal Data in order to comply with the obligations set out in the insurance regulations, laws and the regulations on personal data protection currently in force. This purpose is lawful since processing the data is necessary in order to comply with the legal obligations applicable to Sanitas; and for managing the health and social care systems and services.
- (m) **Profiling for the purpose of marketing and improving the business services provided by Sanitas.** In order to offer the Applicant and/or the Policyholder/Insured Party the products and services that best suit their interests and needs, Sanitas may create profiles based on the Applicant's Policyholder's/Insured Party's Personal Data, including their health data, in order to ensure that their experience with Sanitas is as tailored to them as possible and to continue customising it while providing the service which is the subject matter of the insurance contract. These profiles will be outlined in accordance with the Personal Data of the Data Subjects available to Sanitas, for example the type of insurance contracted, allowing Sanitas to select the products or services best adapted to the Data Subject, and thus being able to customise their experience. In particular, the above will be carried out to:
- Manage and send commercial communications based on the Applicant's and/or Policyholder's/Insured Party's profile by any channel, including electronically, about products and services similar to the insurance contract. This purpose is lawful based on Sanitas' legitimate interest in providing information about its services, news,

offers, etc. that best suit the Applicant's and/or Policyholder's/Insured Party's profiles, related to the contracted services and for managing health and social care systems and services. In cases where an insurance policy has not been contracted with Sanitas, the purpose is lawful based on the consent of the data subject, since the processing will be carried out with prior authorisation.

- Send commercial communications based on the Applicant's and/or Policyholder's/Insured Party's profiles by any channel, including electronically, about new products and services. This purpose is lawful based on the consent of the data subject since the processing will be performed with prior authorisation.
- Allow Sanitas to send commercial communications based on the Applicant's and/or Policyholder's/Insured Party's profiles by any channel, including electronically, about third-party products and services. This purpose is lawful based on the consent of the data subject, since the processing will be performed with prior authorisation.
- Anticipate the Policyholder's/Insured Party's health needs, to improve the services provided and offered to them, including, for example, ascertaining when it is necessary to increase resources for the personalised care of the Policyholder/Insured Party. This purpose is lawful based on Sanitas' legitimate interest in providing the best possible services by supporting the Policyholder/Insured Party in taking care of their health, and the need for the processing to manage the health and social care systems and services.

(n) Carry out procedures to anonymise and pseudonymise the Policyholder's/Insured Party's Personal Data, including their personal health data, for marketing purposes, improving the relationship with them, and for scientific and/or statistical research. Sometimes, Sanitas may apply certain procedures to the Policyholder's/Insured Party's Personal Data in such a way that either it will be impossible to find a link between an

identified or identifiable natural person and the Personal Data processed, or said Personal Data cannot be attributed to a particular person without using additional information appearing separately. These procedures will be applied so that the anonymised or pseudonymised data can be processed for scientific or statistical research purposes, or in order to be able to identify individual health status trends, establish patterns of disease, etc., as well as to understand which services may best fit certain groups and be able to inform them of this. This treatment is lawful since it is based on Sanitas' legitimate interest and its need to manage the health and social care systems and services, as well as on the basis of the requirement for scientific and/or statistical research purposes.

(o) Assign Data Subjects' Personal Data to Group Companies, to:

- Send commercial communications about products and services of said group companies based on the Policyholder's/Insured Party's profiles by any means, including electronically, based on the consent granted by the Data Subject.
- Anticipate the Policyholder's/Insured Party's health needs, developing the Group's company profiles and carrying out statistical analyses in order to improve the services provided by the Group's entities to be able to offer them to the Policyholder/Insured Party, in accordance with their particular characteristics, based on the consent granted by the Data Subject.
- Internal administrative purposes, based on Sanitas' legitimate interest in transmitting personal data within its business group for this purpose, which includes processing Personal Data.

(p) Assign Personal Data to third parties.

Sanitas may assign the Data Subject's Personal Data to any other entity with which they establish collaborative links to improve the effectiveness of the contractual relationship with the Data Subject. In particular, the categories of

recipients, identified in the Additional Information, who may receive Personal Data will be, among other things, co/insurers and reinsurers, insurance brokers, entities with which a commercial link is established, health professionals, medical centres and hospitals. Assignments will be made for:

- Risk reinsurance purposes, based on Sanitas' legitimate interest in managing the risk assumed, and the need for processing to manage the health and social care systems and services.
- Sending commercial communications about third-party products and services by any channel, including electronically, based on the Applicant's and/or Policyholder's/Insured Party's profiles, based on the consent granted by the Data Subject.
- Analyse the use of Sanitas' websites and applications, based on the consent granted by the Data Subject.

8.3 Admissibility of Personal Data

The origin of the Personal Data processed by Sanitas may vary from case to case. In particular, Sanitas may process Personal Data, including health data that (i) the Applicant/Policyholder and/or Insured Party provides through the corresponding forms; (ii) has been generated as a result of the service provided by Sanitas and; (iii) which Sanitas has obtained through brokers, insurance agents or third-party collaborators.

8.4 Time Personal Data is kept

Sanitas will process the Data Subjects' Personal Data and keep it for the duration of the contractual relationship between Sanitas and the Policyholder/Insured Party or until the applicable legal obligations expire. For those purposes where the Data Subject has consented to their Personal Data being processed or where there is the possibility of objecting, Sanitas will stop processing the Personal Data, for that particular purpose, immediately following the withdrawal of consent or the exercise of the right to object. All of the above is without prejudice to the subsequent conservation that is necessary to formulate, exercise or defend against

potential claims, comply with obligations to preserve clinical documentation, provided that it is permitted by applicable legislation or to make the Personal Data available to judges and courts, the Public Prosecutor's Office or public bodies. During this additional period, Sanitas will keep the Personal Data blocked. Once the abovementioned period has come to an end, Sanitas undertakes to cease processing all the personal data. Notwithstanding all of the above, where necessary Personal Data may be held for longer periods provided that it is processed exclusively for health care, medical, scientific and/or statistical research purposes and taking into account the specific case.

8.5 Accessing Personal Data

The optimal service delivery that Sanitas offers may require that its **third-party providers** access the Data Subject's Personal Data as processors. Data Subjects understand that some of these service providers are located in countries outside the European Economic Area or do not offer a level of security equivalent to that in Spain. To ensure that the Personal Data is processed with a level of protection equivalent to that which already exists, Sanitas has adopted the appropriate safeguards. These international transfers are made under the protection of an adequacy finding of the European Commission, providing sufficient guarantees recognised by the regulations (such as standard contractual clauses), or the authorisation of the Spanish Data Protection Agency, complying with appropriate security measures. More information can be found in the International Data Transfers Section of the Additional Information. To obtain a copy of said authorisation, you can contact Sanitas by the means set out in the section "Rights of Insured Parties".

In addition to the access that third-party, national or international, providers as data processors may have to the Personal Data for which Sanitas is responsible in the context of providing a service, Sanitas will assign Personal Data to other entities, as specified in the section "Main purpose and lawfulness of Personal Data processing".

In addition to the above, the Data Subjects understand that Sanitas may make assignments or communicate Personal Data to meet its obligations to Public bodies in cases in which it is required to do so in accordance with the legislation in force from time to time and, where appropriate, also to other bodies such as the State Security Forces and Bodies and Judicial Bodies. In addition, the Policyholder/Insured Party understands that Sanitas may request, require, and share their Personal and Health Data from professionals or health facilities, hospitals, with entities with which it has a co/reinsurance or collaborative relationship. They therefore understand that it will be necessary to provide each other with their Personal Data, to manage reinsurance, coinsurance, comprehensive care programs, share best practices and assess the risks to be covered, to prevent fraud, determine healthcare, make payments to health care providers or reimburse the Policyholder/Insured Party for healthcare costs and the costs of any claims submitted by the Policyholder/Insured Party themselves.

8.6 Rights of Data Subjects

Sanitas informs Data Subjects about their ability to exercise the rights to **access, rectify, object, erase, portability and limit processing** as well as to refuse the automated processing of any Personal Data collected by it. Such rights may be exercised free of charge by the Data Subjects, and where appropriate by the person representing them, by written and signed request, accompanied by a copy of their ID or equivalent document proving their identity, addressed to: Calle Ribera del Loira no 52, 28042, Madrid, Spain, Att. LOPD Insurance. The Policyholder/Insured Party may also exercise their rights through Mi Sanitas <http://www.sanitas.es/misanitas/online/cliente/s/contacto/index.html>. Data Subjects may also exercise their rights through the forms provided for this purpose in the Additional Information section, in the subsection "Data Protection Rights". A more detailed explanation of the rights can also be found in this section. Where the Data Subject has a representative, this must be proven by a written document, attaching a copy of their ID

or an equivalent document proving the representative's identity or other supporting documentation as indicated in the "Rights" section under Additional Information.

In addition to the above rights, Data Subjects will have the right to **withdraw any consent given** at any time through the procedure described above, without such withdrawal of consent affecting the lawfulness of the processing prior to the withdrawal of the same. Sanitas may continue to process Data Subjects' Personal Data to the extent permitted by any applicable law. Sanitas reminds Data Subjects that they have the right to **present a claim before the relevant supervisory authority**.

Notwithstanding the above, Sanitas informs the Data Subject that they have at their disposal an internal conflict resolution system in which the Data Protection Officer takes an active role as a mediator attempting to manage as flexibly as possible, any claim that the Data Subject sends to the postal address or electronic mail indicated in the section "Personal Data Controller". Sanitas encourages the Data Subject to contact the Data Protection Officer prior to making a complaint to the relevant supervisory authority.

8.7 Unsubscribing from the commercial communications mailing service

As mentioned in the section above, the Data Subject has the right to revoke at any time the consent given for the sending of commercial communications by notifying Sanitas that they do not wish to continue to receive them. To do this, the Data Subject may either revoke their consent in the manner described in the section above or click on the link included in each commercial communication, thereby cancelling the sending of electronic commercial communications.

8.8 Minors

In general, Sanitas will only process the Personal Data of children under the age of eighteen when their parents or legal guardians have given their consent for such processing, when it is necessary to implement

the insurance contract or to comply with a legal obligation and/or satisfy a lawful interest of Sanitas.

However, in accordance with current regulations, those over the age of 14 (or the age that may be legally set for this purpose) will have the right to access their own medical information and those rights recognised by law.

8.9 Additional Information

Sanitas at www.sanitas.es/RGPD, under the section "Sanitas Insurance", makes available to the Applicant, Policyholder and Insured Party Additional Information about the processing of their Personal Data and invites them to consult it.

8.10 Amending the Privacy Policy

Sanitas may change its Privacy Policy in accordance with applicable legislation from time to time. At all events, any amendments to the Privacy Policy will be duly notified to the Data Subject to inform them of any changes made to processing their Personal Data and, if the applicable regulations so require, to request they consent to it.

9. Jurisdiction

The Court competent to hear actions arising from the insurance contract shall be the one corresponding to the Insured's address in Spain.

10. Concurrent insurance

If the Insured is entitled to receive payments from other compulsory or private healthcare insurance policies, or from compulsory accident or pension insurance policies, SANITAS shall only be liable to pay the expenses that exceed those covered by these policies.

To the extent that compensation can be claimed under other insurance contracts in the event of an insured event occurring, these payment obligations prevail.

This policy cover shall be deemed to apply in last place with respect to any other policy or

policies of similar cover for which insureds may also have cover. In the event that the insureds are covered by any other policy or policies with similar cover, the insurer's liability will be limited, always within the indemnity limit, to the amount in excess of what would have been paid under the other policy or policies if this insurance had not been effective, except in cases in which the other policy or policies were specifically taken out as policies in excess of this policy.

11. Prevention of money laundering and financing of terrorism

SANITAS shall not undertake any service in the insured cover of this policy if this constitutes an infringement of Spanish, United Kingdom, European Union, United States of America, or international laws in general, reserving the right, in the corresponding cases, to cancel the membership of the insured affected by said offense. Similarly, you may reject the inclusion of a new insured, if this may lead to a breach of any of these laws.
